LONDON AND BERLIN OBJECTS ATTACK BY GERMAN AND BRITISH WARPLANES

BRITISH FIGHTING PLANES INTERCEPTED 200 GERMAN RAIDERS

NAZI PLANES APPARENTLY HEADED FOR MASS ATTACK LONDON DRIVEN AWAY

By The Associated Press.

Cannon - blasting RAF fighters intercepted a wave of 200 Nazi raiders flying at a great height over the southeast coast of England late today—apparently in the Dover "hell's corner" region—and drove them back.

The German planes were apparently heading for a mass attack on London or some industrial objective beyond it.

Some of the nazi airmen penetrated the first coastal defenses and roared inland toward the British capital, but they fled without dropping any bombs when attacked by RAF Spitfires and Hurricane pursuit planes.

German dive-bombing Stukas smashed at Britain's great naval base of Portsmouth and reportedly left it "a sea of flames" today after a night of double-barreled terror for 12,000,000 civilians in the fiercest air raids of the war over London and Berlin.

Untold numbers were killed, and great fires set by incendiary bombs in both capitals.

In a single London street more than 60 fire bombs fell amid tightly-jammed rows of houses as a marathon of nazi raiders pounded the metropolis for seven hours and 10 minutes—the fifth straight night attack on London and the longest sustained attack of the war.

British RAF bombers struck with a 3-hour attack on Berlin before dawn, raining high explosives and incendiary bombs within two miles of Reichsfuehrer Adolf Hitler's chancellery in the Wilhelmstrasse and taking a toll of 10 known dead and 30 wounded.

Roof fires were reported in many sections of the German capital, and sidewalks were littered with

Miss Ola Meadows Died Thursday As Result Of Injuries

Miss Ola Meadows, 35, Malakoff, died at the Navarro Clinic Thursday morning from injuries suffered in an automobile accident near the Briar Creek bridge on North highway 75 early Tuesday morning. Her death is the third auto fatality in Navarro county during 1940.

Others involved in the accident were her father, Dr. W. M. Meadows, 58, and Oscar Phillips, Jr., 16, both of Malakoff. Dr. Meadows suffered a fractured right shoulder, severe lacerations about the head and other injuries. His condition is still regarded as serious. Phillips escaped uninjured. The group was returnng to Malakoff from Crosbyton, Texas, when their automobile overturned near the bridge.

Tentative funeral arrangements include brief services at the home in Malakoff at 11:30 o'clock Friday morning and burial srvices at 2:30 o'clock Friday afternoon at Clover Hill, Wood county, where interment will be made.

Surviving are her father; one sister, Miss Estelle Meadows, Dallas; two brothers, W. C. Meadows, Dallas; and J. E. Meadows, Austin.

Will Get Wings

Flying Cadet John Henry Brown, Jr. (above), of Corsicana, member of the fifth class of the Air Corps Advanced Flying School since March 23, 1940, will receive his diploma, a commission in the air corps reserve, and his sterling silver "wings" at final ceremonies on Friday at Kelly Field, San Antonio.

Mr. and Mrs. John H. Brown, Sr. left Thursday afternoon for San Antonio to witness the ceremonies.

Col. Millard F. Harmon, Jr., new commanding officer of the Gulf Coast Air Corps Training Center, will make the graduation address to the first class under his regime. He succeeded Col. Eugene A. Lohman recently. The "wings" will be presented by Major Harvey W. Prosser, commanding officer of the Advanced Flying School.

Members of the graduating class not selected for instructor courses will report to the Kelly Field flying line on the day following their graduation on active duty with the Air Corps until orders are received from Washington assigning them to various fields throughout the United States for final training with units of the combat corps. Cadet Brown is among this group.

Members of the class have completed a ten-weeks course at one of the civilian flying schools under government supervision; a ten-week basic training course at Randolph Field, and a course of the same length in the school of advanced flying. Cross country navigation, formation and instrument flying, and night training were included in the final course. A five-week transition course at his first regular post will complete the nine-month army flying course, recognized as the most thorough in the world today.

The Corsicana boy is a graduate of the Corsicana high school, later attended Texas A. and M. college, and took his primary work at the Spartan School at Tulsa, Okla.

Battle of Britain:

German air force blasts and burns Britain with greatest night air attack of war; many killed; London area hit heavily in seven-hour raid; industrial targets hit in several areas; Berlin claims successes against Liverpool, Chatham, Middlesbrough and Thameshaven.

War on German Soil:

British night bombers raid Berlin three hours; kill ten and wound 30 in workers' section only two miles from Government offices.

Balkan Threat to Peace:

Rumanian-Hungarian territorial dispute flares as axis-directed conference opens in Vienna; Russian Rumanian border watched closely.

American Preparedness:

History-making peacetime conscription bill goes to house after 58-31 approval in senate; senate approves "conscription" in industry for defense, if necessary.

BUS RIDE ACROSS INDUSTRIAL AREA OF LONDON DURING HEIGHT AIR RAID AND BLACKOUT MADE

By MILO M. THOMPSON

LONDON, Aug. 29.—(AP)—There is nothing quite like riding across the industrial section of this blacked-out city in a blacked out bus at the height of London's greatest air raid.

When I emerged early today from one of the Associated Press' outposts into the eerie half-light half-shadow contrived by the blackout and hundreds of searchlights I had little hope of catching a bus.

They normally would all be lined up along the curbs, unmoving until the all clear signal came. I was resigned to several miles of walking interspersed by dashes into shelter.

But I was wrong. Above the humming beat of German propellers overheard I caught the sound of an approaching bus. How it came to be in operation at that time was a mystery.

I flagged it down and clambered in, notwithstanding the conductor's warning that it was bound only as far as a certain bridge. (The British censor likes to have people say "certain bridge" instead of naming it.)

I sat in darkness with other passengers.

There was no other traffic on the road and there was just enough diffused light from London's defensive searchlights to show our sure-handed driver the way. No one talked.

I sat on the edge of the seat as the bus careened around corner after corner. It seemed that the trip would never end, although it must have taken only a few minutes. The sound of bombs and anti-aircraft fire welled up in the distance.

Finally the great lumbering vehicle slowed down at its destination and the conductor out of habit called out, "All change." Of course, there was nothing to change to.

The bridge loomed up beyond. If the streets I had traveled had not been likely targets, this bridge certainly would be. I stepped off into its unknown darkness.

From the moving apexes of the searchlight cones in the sky I felt sure that a German plane was overhead. He seemed to be almost at my neck. It was for all the world like walking past the cemetery as a child.

The hundreds of yards of the bridge seemed endless and the altitude of the droning plane so slight, I restrained an impulse to run.

Finally I reached the end of the bridge and the home guardsmen on duty there passed me on. I moved hastily to the dubious shelter of brick walls.

NAZI HIGH COMMAND ADMITS RAF BERLIN RAID IS DAMAGING

GERMANS SAY, HOWEVER, GREATER DAMAGE DONE BRITISH NAVAL BASE

BERLIN, Aug. 29.—(AP)—The German high command reported receiving as well as giving blows in the aerial war with Britain today.

Berlin residents swept up glass and debris from scores of British bombs which killed 10 persons, injured 30, set a string of fires and dug craters in parts of the capital in a three-hour attack last night.

It was Berlin's worst air raid. British planes crossed and recrossed the heart of the city as they dropped thundering charges only two miles from Adolf Hitler's chancellory.

But German reporter-fighters returning from early morning attacks on Britain used such phrases as "a sea of flames" to describe the effect of a surprise dive bomber onslaught on Britain's great Portsmouth naval base, and "a desert full of craters" to indicate he damage done to a nearby airfield.

Great clouds of smoke were described as floating over Liverpool harbor, Chatham, an important Thames side naval center, and other harbor objectives attacked last night.

The high command, admitting for the first time a British attack on the important synthetic gasoline producing plant at Leuna, near Leipzing, said "slight damage" was caused.

British planes "intentionally attacked residential sections of the reich's capital," the daily communique said and incendiary and explosize bombs "killed or injured numerous civilians and caused damage to several apartment houses with attic fires."

One British plane was brought down in the attack, the high command said, bringing to 44 its reports of Britain's total losses yesterday and last night. Germany admitted losing 15.

REP. PATMAN SAYS APPARENT ALLIANCE BUSINESS AND NAZIS

WANTS DIES COMMITTEE TO INVESTIGATE ALLEGED APPEASEMENT PROGRAM

WASHINGTON, Aug. 29.—(AP)—Representative Patman (D-Tex) told the Dies committee today he believed there was "a deliberate attempt" on the part of certain "big business" groups in this country to force adoption of an appeasement program toward Hitler.

The Texan, urging the committee to investigate what he said was "an unholy alliance" between certain parts of "big business" and the distribution of nazi propaganda in this country was told by Chairman Dies (D-Tex) that committee agents already were doing so but had "found nothing so far."

Patman testified at a hearing accorded him to enable him to submit evidence which he said would substantiate his allegations that Carl Byoir, New York publicity man and army reserve officer, had been employed as a nazi propagandist.

Byoir denied the charges and a subcommittee headed by Rep. Dempsey, (D-NM) recently exonerated Byoir, but Patman demanded an opportunity to present his case. The justice department also exonerated Byoir after an FBI investigation.

Patman told the committee that Byoir was once employed by the German Tourist Information Service and was the highest paid representative of the German government in this country. He said Byoir was paid

Pipeline Blast Kills Five Men; 10 Others Burned

BUFFALO, Okla., Aug. 29.—(AP)—Five men were injured fatally and ten others burned in a thunderous explosion at a nearby Phillips Petroleum Co., pipeline project last night just ten minutes after the men accepted temporary jobs.

Company officials worked on a theory that a blow torch being used in repairing a leak touched off the blast.

Ten horses also perished. The animals as they died in the flames made "the most terrifying sound I ever heard," said Clyde Storer, 45, one of the four men who

PIONEER RESIDENT NAVARRO COUNTY IS DEAD AT HUBBARD

B. K. DUNCAN BE BURIED HERE FRIDAY FOLLOWING RITES AT FIRST BAPTIST

Benjamin O'Kelly (B. K.) Duncan, aged 92 years, pioneer resident of Navarro county, business, religious and political leader here for many years, died at the home of a daughter, Mrs. W. H. Hord, at Hubbard Wednesday night.

Funeral services will be held from the First Baptist church here Friday morning at 11 o'clock. Burial will be in Oakwood cemetery. The rites will be conducted by Rev. E. T. Miller, pastor of the church.

He was born June 17, 1848, near Estill Springs, Franklin county, Tennessee, the son of Robert Barton Duncan and Elizabeth O'Kelly Duncan. The Duncans of Scotland were his ancestors and some came to America on the Mayflower.

Judge Duncan was baptized July 3, 1867, into the Missionary Baptist church. He was married

ANTI-THIRD TERMERS TEXAS ORGANIZE FOR SUPPORT OF WILLKIE

MIKE HOGG, SON OF FORMER TEXAS GOVERNOR, TAKES LEAD IN ORGANIZATION

DALLAS, Aug. 29.—(AP)—A no-third-term movement was afoot in normally-democratic Texas today, bent on fighting against the re-election of President Roosevelt and helping Wendell Willkie make the state go republican for the second time in its history.

The no-third-term democratic party, under the leadership of Mike Hogg of Houston, was organized here last night before a crowd that half-filled the lower floor of Fair Park Auditorium, which has a capacity of 5,500. Hogg is the son of the late Texas Governor James Stephen Hogg.

Texas in 1928 swung its support to Herbert Hoover in preference to Al Smith.

A prime point in a "declaration of principles" adopted at the meeting said:

" x x x we pledge our support and appeal to all true democrats

TENTATIVE TIMETABLES, PLANS READIED BY ARMY FOR LARGEST PEACETIME FORCE IN HISTORY

WASHINGTON, Aug. 29.—(AP)—The army was ready with tentative timetables and plans today to start building the largest peacetime force in the nation's history.

An order from President Roosevelt for the progressive mobilization of the National Guard would start the program through its first phases.

House passage of the conscription bill approved last night by the senate would clear the way for the second part of the program.

The guard mobilization, army officers have told congress, was an essential preliminary to the training of conscript levies.

Assuming a Presidential order is forthcoming, tentative plans provide for calling up the first contingent of 55,000 guardsmen for a year's active training on Sept. 15 and 165,000 more by December 1, giving a total of 220,000.

If conscription is enacted, the plan tentatively is to have 400,000 conscripts start this year's service by the end of December, another 400,000 on April 1, 1941 and similar half-yearly increments until Oct. 1, 1944. The date of the first conscription would depend on how soon the bill is approved.

Registration and selection of conscripts involves numerous problems. As the conscription bill passed the senate, it left the exact procedure to the President, but Senator Minton (D-Ind) gave the senate the schedule recommended by a point army and navy committee.

This schedule provides that 15 days after conscription becomes law, some 12,000,000 young men from 21 through 30 must go to their local voting places and register.

Registration over, local boards

Overcast Skies And Showers For Over Half Nation

By The Associated Press

Overcast skies and scattered showers spread over more than half the nation today, blotting out the sun and holding temperaturs close to or even a little below normal.

The cloudy, rainy conditions were expected to vanish by Sunday since generally clear weather, extending from the Pacific coast through Montana on the north and Texas and Oklahoma on the south, was moving eastward.

Lowest temperature of the morning was 36 at Bangor, Maine. Another cool area embraced northern Michigan, Wisconsin and Minnesota. Some of the maximum readings in that sector yesterday were 57 at Duluth, 66 at Minneapolis, 60 at Green Bay and 62 at Marquette. A rather heavy fog shrouded Lake Superior and the Maine coast today.

Rain was falling this morning in Minnesota, Wisconsin, Indiana, Northern Ohio, Pennsylvania, New Jersey, Easter Tennessee and parts of Georgia. Heaviest rainfall in the last twenty-four hours included 1.56 inches at Florence, Ala., 1.90 inches at Shreveport, La., and 1.30 inches at Lake Charles, La.

Texas continued to suffer from intense heat. Maximum temperatures there yesterday included 98 at Fort Worth and 101 at San Antonio.

COMMISSION ISSUED 90-DAY PRODUCTION ORDER FOR TEXAS

FIELDS IN IMMEDIATE CENTRAL TEXAS AREA EXEMPTED FROM SHUTDOWNS

AUSTIN, Aug. 29.—(AP)—The Texas Railroad Commission today issued a 90-day oil order, effective September 1, which set the average daily allowable production at 1,298,528 barrels.

While full details of the order were not immediately available, commission engineers explained the total Texas yield, including assigned but unproduced allowables, would approximate 1,266,065 barrels daily as compared with the U. S. Bureau of Mines forecast of market demand for September of 1,320,300 barrels.

The order, signed by all three commissioners, decreed nine statewide shutdown days each for the months of September, October and November.

As explained, the order exempted a large number of fields from the shutdowns. These fields, together with marginal wells whose flow cannot be halted without physical damage, totalled about 145,120 marrels daily production.

The engineers said relatively few fields received drastic allowable slashes.

The new total average daily allowable, not including underproduction, showed an increase of approximately 55,994 barrels over allowables of last week. The new basic allowable figure, from which various deductions were made, was 1,647,725 barrels daily.

Statewide shutdown days were ordered for September 1, 2, 8, 14, 15, 21, 22, 29 and 30; October 5, 6, 12, 13, 19, 20, 26, 27 and 31, and November 2, 3, 9, 10, 16, 17, 24, 28 and 30.

The giant East Texas field also was subjected to nine closing days and given a basic daily allowable of 523,000 barrels which the shutdowns will reduce to an average over 30 days of approximately 375,000 barrels.

The new basic allowables by districts, as compared with those of June 1, at the start of the 90-day order which expires Saturday, and

AXIS-SUPERVISED SETTLEMENT BALKAN DISPUTE DISCUSSED

GERMAN AND ITALIAN LEADERS RECEIVE HUNGARIANS; MEET RUMANIANS LATER

By EDWIN SHANKE

VIENNA, Aug. 29.—(AP)—Hungarian delegations, brought to this capital of old Austria by axis "peacemakers," communicated the suggestions of Rome and Berlin for a Transylvanian settlement to their governments today after separate two-hour talks with German and Italian foreign ministers.

German spokesmen said "from various signs it can be presumed that, perhaps tomorrow, concluding results will be reached."

The Hungarians, Premier Count Pal Teleky and Foreign Minister Count Istvan Csaky, and the Rumanians, Foreign Minister Mihail Manoilescu and his aides, had not yet come together in a four-power roundtable to discuss any proposed new frontier. They held separate talks with Joachim Von Ribbentrop and Count Galeazzo Ciano, the German and Italian foreign ministers.

The preliminary discussions were held at the Imperial hotel, headquarters of Ribbentrop and Ciano.

Old Belvedere Palace was in readiness for more formal conferences if it is decided to bring representatives of all four nations together around a single table.

A German spokesman said the talks would be conducted "in a spirit of comradely co-operation." He declined to discuss the pos-

United Aircraft To Build 17,000 Airplane Engines

WASHINGTON, Aug. 29.—(AP)—An agreement was reached between the navy and United Aircraft corporation today for the manufacture of 17,000 airplane engines for both the army and navy at a cost of $160,000,000.

Announcing the agreement at a press conference, Secretary Knox said it had the full approval of the war department and would cover the entire requirements of both army and navy from United Aircraft for the 1941 and 1942 fiscal years.

A formal contract covering the

The court asked attorneys for "more law" on her right to stay dressed.

HOUSE MILITARY COMMITTEE WIDENS CONSCRIPTION BILL

DRAFTING OF MEN BETWEEN AGES 21 AND 45 APPROVED BY COMMITTEE

WASHINGTON, Aug. 29.—(AP)—The house military committee approved today a Burke-Wadsworth conscription bill calling for drafting of men from 21 to 44 years of age, inclusive,—a much wider age range than that provided in the bill which the senate passed last night.

The house committee acted quickly after senate passage on a 58 to 31 vote so that its version of the legislation might be brought to the floor Tuesday for possible final house passage late next week.

Chairman May (D-Ky) said the house committee vote was 20 to 4. Other committteemen said four members actually were absent from the session but three voted by proxy. May declined to say how individuals balloted.

At one point, May said, there was some discussion of a proposal to make the registration and conscription age brackets conform to those of the senate's 21 through 30 years but the matter never came to a vote.

Another point of difference in the two bills is that while the senate provided a limit of 900,000 on the number of conscripts who might be serving at any one time, the house committee wrote in a 1,000,000 limit. Members said that figure was necessary to provide also for conscripts for the navy.

After three weeks of stormy debate, the senate gave its approval to conscription last night at the close of a tense, 9-hour session.

The bill was substantially unchanged in its essentials from the

25 Years Ago Today

By The Associated Press

AUG. 29, 1915—Turks successful in land and sea attacks against allies in Dardanelles; French silence four German batteries in Argonne forest; hand-to-hand fighting with grenades breaks out.

TWO HUNDRED NAZI PLANES TURNED BACK FROM LONDON ATTACK

LONDON WAS OBJECT GREATEST NIGHT ATTACK PRESENT BATTLE OF BRITAIN

LONDON, Aug. 29.—(AP)—Nearly 200 German planes were turned back from London late today by British fighter forces and fled to sea in the southeast without dropping any bombs.

This was the high spot in widespread daylight forays with which the Germans followed up their greatest night attack of the war—a night in which thousands of incendiary and high explosive bombs wrought destruction, death and injury in all parts of England and Wales.

To match the wide-ranging German attacks, the air ministry announced "extensive raids on military objectives in Germany, Holland and enemy occupied France" last night.

The ministry said that "several important targets in the Berlin area were heavily bombed."

The renewal of German raids on England came in the southeast this afternoon, before the 200-plane attack was attempted and a little later raiders were reported over two Welsh towns.

Civilians were killed in all of some 20-odd areas which were hardest hit last night. Reports from around the country spoke of hundreds of bombs" being dropped, of "twenty bombs dropped in quick succession" and of "fifty bombs dropped quickly."

The Nazi bombers staged the longest sustained attack of the war on London itself, lighting the night sky at times to a daylight brilliance with their fire warfare and blasting their high explosive bombs in many sections of the capital's ring of outskirts in a seven-hour attack which lasted practically from darkness to dawn.

Some sections of the country were attacked by single planes, while others apparently were raided by successive waves of 18 and 20 bombers.

German Version

Lightning Killed Youth At St. Elmo Near Streetman

STREETMAN, Tex., Aug. 29.—(Spl.)—Owen Fitch, 16, was killed by a bolt of lightning about 7 o'clock Wednesday night on the farm of his mother in the St. Elmo community, nine miles east of here. Funeral services were held at St. Elmo at 3 o'clock Thursday afternoon with interment in the St. Elmo cemetery.

The youth was reported to have been leaving the barn when it was struck by the bolt and he was fatally injured.

He is survived by his mother, Mrs. Myrtle Fitch, several brothers and sisters and other relatives.

Rain with some hail covered a good portion of the territory around Streetman.

TWO MATTERS OF IMPORTANCE IN BATTLE FOR BRITAIN FALL WITHIN FIELD WORDS AND NOT BULLETS

By DEWITT MACKENZIE
Associated Press Staff Writer

Bombs raining on England and Germany almost drown out other operations but there are two matters of great importance to the battle of Britain which at the moment fall within the field of words rather than bullets—(1) The anxious efforts of the Hitler-Mussolini brotherhood to prevent a Balkan war, and (2) the growing Franco-British animosity.

The German and Italian foreign ministers, Von Ribbentrop and Count Ciano, met in Vienna today with representatives of Rumania and Hungary to try to compose the volcanic quarrel resulting from the Hungarian claim to Rumanian Transylvania. A Balkan war might easily grow out of this fight, and that might represent a catastrophe for the axis powers.

There are two vital reasons why Hitler and Mussolini must maintain peace on the peninsula. One is that they must have the vast supplies of war materials and foodstuffs which they get from the Balkans. The other is even more important—that of keeping Russia in hand.

The ways of the Sphinx of Moscow, Joseph Stalin, are all but inscrutable—but not quite. The axis partners have given indications that they suspect him of intending to increase his influence through the Balkan situation.

The tenseness of the situation in the Balkans, and the great potentialities of damage to the axis cause, undoubtedly have had considerable to do with Hitler's delay in his major attack on England.

The increasing hostility of the French government to Britain shows signs of being a possible breeder of difficulties for England.

The charge by the Petain government that Britain is inspiring rebellion in the former's African empire is the latest development in a feud which has swelled in bitterness ever since the Allied collapse in the battle of Flanders. The accusation is based on the decision of the French colony of Chad in Central Africa to side with England rather than with Petain.

The quarrel really goes back to the early days of the German drive against the Allies, when we heard unofficial allegations by each side that the other fellow wasn't pulling his weight in the fighting.

So the matter has gone until one hears many expressions of wonder as how long such a situation can continue without arriving at the point when these former allies will face each other on the battle field.

CLAIM AGRICULTURE BETTER PREPARED TO BULWARK DEMOCRACY

CLAUDE R. WICKARD, NEW SECRETARY OF AGRICULTURE, DELIVERS ADDRESS

FALLS CITY, Neb. Aug. 27.—(AP)—Agriculture is better prepared than any other industry to help bulwark democracy in a war-ridden world, Claude R. Wickard, newly appointed secretary of agriculture, asserted in an address prepared for delivery here today.

"Through the farmer's foresight, with the help of the farm program," he said, "the nation today has an abundance of those farm products which are as essential in war-time as the guns and munitions."

He came here to speak before a four-state farm rally in the first prepared address since his appointment to succeed Henry A. Wallace, Democratic vice presidential nominee whose policies Wickard pledged to "continue and strengthen."

A strong American agriculture, Wickard declared, is essential "if we are to meet the challenge of aggressor nations."

He pointed out European blockades are causing "a severe loss in our export trade" and that it is impossible to predict "how much more serious this 'blackout of markets' may get."

Wichard said the "tried and sound two-horse team" of soil conservation and production control was helping to prevent mistakes agriculture made during the "World War No. 1" when "we greatly expanded our agricultural production to meet the war demand."

He cited some critics that the stamp plan of commodity distribution. for example, "is too expensive."

"I say, on the basis of social justice and national security, we can not permit the recurrence of hunger amidst plenty. A hungry person who can see food going to waste isn't going to get very excited about saving democracy. He has nothing to save. For democracy wont' stop that gnawing in a hungry stomach—unless democracy really works. And liberty alone won't keep you warm."

THE PETTY'S CHAPEL SCHOOL TO OPEN ON SEPTEMBER NINTH

The Pettys' Chapel school will open Sept. 9, 1940, and will close May 30, 1941. There will be a nine months' term with holidays Nov. 11, Nov. 21-22, Dec. 20-Jan. 2, and Auril 11. The first term will close Jan. 24, 1941, and the second term will begin Jan. 27, 1941.

The Petty's Chapel school is now permanently standardized and its pupils may enter other affiliated schools without examination.

The members of the school board are E. E. Payne, president; O. G. O'Daniel, secretary; R. S. Wood, E. M. Howell, W. Frank Mitcham, C. D. Gilliam. The teachers are M. Blair Autry, principal; Mrs. Ethel Pevehouse, Mrs. Minnie Conner and Mrs. Beulah Huff. Mrs. Frank Wilson is president of PTA and Mrs. W. T. Roscoe, secretary.—Contributed.

FIRST CONSIGNMENT PAYMENTS FOR AAA PROGRAM RECEIVED

First consignments for agricultural payments to Navarro county for 1940, expected to exceed $1,000,000, have been received at the county AAA offices at the courthouse, according to an announcement Wednesday afternoon.

A total of 367 vouchers for the 1.55 cents per pound 1940 cotton parity enrollment had been received Wednesday afternoon, amounting to $16,214.08.

Donald D. Harvey, administrative assistant, said he expected approximately 90 per cent of the 1940 parity, soil conservation, and other governmental payments to be received prior to January 1, 1941.

All producers, however, were warned by county committeemen not to call at the AAA offices for their checks until they had received an official notice of the arrival of the vouchers.

Rites For Former State Senator Be Held In Capitol

AUSTIN, Aug. 29.—(AP)—Funeral rites for former State Senator John H. Bailey, 76, of Austin who died in Dallas Tuesday will be held in the senate chamber at 4 p. m. Friday.

The body will lie in state for two hours before the funeral services at which Rev. Charles Sumners of St. David's Episcopal Church will preside. Burial will be in the state cemetery here.

Senator Bailey served in the legislature from DeWitt county first as a member of the house in the 24th, 25th and 26th legislatures and then as senator in the 33rd called session through the 40th.

Thanks

I wish to take this method to express my sincere appreciation to each and every one that voted for me in my race for Tax Assessor and Collector. I especially want to thank the voters of Winkler (my birthplace) where I received every vote cast. To those that did not vote for me I hope we may ever be friends.

Yours sincerely
ANDREW G. STEELE.

LIFE IS AWARENESS OF GOD* STABILIZER FOR UNCERTAIN

Psalmist of Old, in Sublime Poem, Sets Forth Reason Why Men Should Be Glad And Grateful — A Cure for "Nerves" — Faith Foresees Peace.

By WILLIAM T. ELLIS

We were having a party for little Dockie on the porch of our Canadian log cabin camp, when the local preacher came to visit us. Hilarity was high. Every one present wore a fancy paper cap, brought from New York by Dockie's mother. Colored balloons floated about. Our farmer guest had a charcoal black eye, from a trick kaleidoscope Dockie had shown him. Nobody thought to explain the strange doings of the parson.

"I wonder what he will think of the Ellis camp," afterward commented one member of the household.

Another replied: "I hope he will think of us as a happy crowd, who have a place for joy in their program. Had he come on Sunday morning he would have found us in a service of worship. In the evenings he would find us listening to the radio's world news. But I am pleased that he saw a family definitely taking time to be merry."

Joy is an essential part of life. God means us all to be happy, but we stupid mortals often thwart His plans for our lives. Nature's chorus is one of gladness; only seldom in our woods camp do we hear a cry of distress from birds or beasts. Night and day are made melodious by the wild creatures rejoicing. Heaven, we are told, is filled with jubilant song. Only mortals go grouching and complaining through the days, sometimes even making a cult of misery.

Time Out For Joy

So today, with this matchless pslam of praise as our scheme, we take time out to be glad. For the moment we ignore our own and the world's troubles, and simply remember God; who, after all, is the essential source of joy. Of all the reasons for human happiness the profoundest and most abiding is the character of the Creator. Let us give our minds a vacation from the world's woes and worries, caused by man's sinning, and muse upon the mercies of God, as the Psalmist enumerates them. Let us worship by praise, without petition.

One of the many charms of seven-year-old Dockie is that he remembers to say "Thank you." Times without number his "Thank you, Grandfather," has made glad my heart. I am no such mannerly child of the Heavenly Father. I take life's good things as a matter of course, as if they were my right. Surely, God is glad when His children look up into His face, and say, as Jesus said, "I thank Thee, Father." For His goodness surrounds our lives like the atmosphere. Stevenson's verse is familiar:

"If I have faltered more or less
In my great task of happiness;
If I have moved among my race
And shown no glorious morning face;
It beams from happy human eyes
Have moved me not; if morning skies
Books, and my food, and summer rain
Knocked on my sullen heart in vain,
Lord, Thy most pointed pleasure take
And stab my spirit broad awake."

Gifts In Greek Churches

It would be unfair to suggest that the quality of gratitude is wholly lacking amongst Christians. There are myriads who give large thanks for little. A curious usage in the Orthodox churches of Greece calls for tokens of thanksgiving to be laid upon the altar. So I have seen curious collections in many churches. Here is a miniature silver automobile from a worshipper who has been delivered safely from a highway accident. Many model ships, of varying degrees of workmanship, testify to the gratitude of seafarers. Dolls represent children who have recovered from illness or accident. The variety is endless, and the symbolism is inspiring. Suppose, as the frontiersman used to notch his gun, Christians should make marks on the fly-leaves of their Bibles for every remembered special providence of the Lord: they would soon have to insert extra fly-leaves.

"Forget not all His benefits," is the adjuration of the Psalmist to his own soul. "Remember" is an oft-recurring word in the Bible. One comments, "Our joyless lives are often due to bad memories." We are too seldom definitely conscious of the bounties of our Heavenly Father.

Perhaps the greatest religious defect in our lives is taking God for granted. We forget that His constant care is definitely dealing with us, day by day. These are times to "count your blessings;" while not indifferent to the world's sufferings, we are to name to ourselves, one by one, the heaped-up benefits of which we are the recipients. "Bless the Lord, O my soul; and forget not all His bneefits: Who forgiveth all thine iniquities; who healeth all thy diseases; Who redeemeth thy life from destruction; who crowneth thee with loving-kindness and tender mercies; Who satisfieth thy mouth with good things; so that they youth is renewed like the eagle's. The Lord executeth righteousness and judgment for all that are oppressed. He made known His ways unto Moses, His acts unto the children of Israel. The Lord is merciful and gracious, slow to anger, and plenteous in mercy. He will not always chide; neither will He keep His anger forever. He hath not dealth with us after our sins; nor rewarded us according to our iniquities."

Must Sins Be Paid For?

Many voices are saying that the world is now being punished for its sins. This is true; and the comprehensive awfulness of the chastisement is evidence of the enormity of our waywardness and offending. Still it remains true, as the Psalmist says, that

"He hath not dealt with us after our sins
Nor rewarded us after our iniquities."

"As far as the east is from the west, so far hath He removed our transgressors from us. Like as a father pitieth his children, so the Lord pitieth them that fear Him. For He knoweth our frame; He remembereth that we are dust."

On the world's dark horizon the one bright light is the pardoning mercy of God. He will yet withhold His wrath, and restore the lives He has broken. When fear of Him awakens amongst mankind, the hand of the destroyer will be stayed. Higher than high international politics is the truth of the forgiving kindness of God. This is the true stabilizer for our wobbly times. The patience and everlastingness of the Divine love exceeds even the sinning of mankind. The faithful should have the audacity to thank God for the peace that is yet to come. So let us be glad and grateful in God and for God.

---

* The Sunday School Lesson for September 1 is "Praising God for His Blessings."—Psalm 103.

SEVEN SENTENCE SERMONS

Where there is most weal there is most wealth.—A. M. Fairbairn.

The greatest thing in the world is a good man, and all good flows out of the spring called a great heart.

—N. McGee Waters.

Search thine own heart! What paineth thee
In others, in thyself may be;
All dust is frail, all flesh is weak;
Be thou the true man thou dost seek.

—Whittier.

Pennilessness is not poverty, and ownership is not possession; to be without is not always lack and to reach is not always to attain.

—Helen Hunt.

Thy word is a lamp unto my feet and a light unto my path.

—Psalm 119:105.

Truth is within ourselves; it takes no rise
From outward things, whate'er you may believe.

—Browning.

What we are, and where we are, is God's providential arrangement—God's doing, thought it may be man's misdoing; and the manly and the wise way is to look your disadvantages in the face, and see what can be made out of them.

—F. W. Robertson.

TRUCKING INDUSTRY DENIED SUSPENSION RAILROAD TARIFFS

WASHINGTON, Aug. 29.—(AP)—The interstate commerce commission denied today a plea by the trucking industry for suspension of the railroad tariffs reducing thousands of rates on less-than carload shipments within the south, between the north and south, and from the midwest to the south.

While refusing to suspend the tariffs, the ICC ordered an investigation into their "lawfulness." The reduced rates are to go into effect September 1.

The American trucking Association, Inc., and affiliated organizations, which led the opposition to the reductions, described them as a "thinly disguised attempt to destroy the motor carrier industry."

The railroads replied that it was an attempt to make rail rates on merchandise traffic "conform to modern trends of transportation."

The reductions will be made by lowering classifications on approximately 3,500 articles. Reductions will be made on articles not classified as light, bulky, hazardous, fragile or perishable.

While opposing the railroads' reduction proposals, the trucking industry put itself in a position to meet the reductions by filing tariffs to maintain the present parity of rates between the railroads and trucks.

The truck industry estimated that the changes would result in a reduction of about 10 per cent in the total less-than-carload revenue on traffic now moving by rail and truck. The railroads insisted, however, that they would maintain a substantial increase in revenue by "modernizing and reforming" their merchandise rate structure.

Heavy Shower Fell In This District Late Wednesday

A heavy shower, accompanied by some hail, fell here late Wednesday afternoon. The rainfall amounted to .89 of an inch.

Rain and some hail was reported in several other sections of the county, but not enough to do any material damage. Among the communities reporting hail were Eureka and Mildred. At Mildred the hailstones were said to be extra large but the fall was scattered and of only a short duration.

PUPPET GOVERNMENT OF FRANCE ACCUSES ITS FORMER ALLIES

VICHY, France, Aug. 29.—(AP)—The Petain-Laval government struck back today at what it termed British-inspired rebellions in France's colonial empire by relieving three governors-general of their posts and reinforcing the French administration in Indo-China.

The powers of Vice-Admiral Jean De Coux, Petain-appointed governor-general of Indo-China, were increased with respect to control of the colony's five component provinces.

The government moved swiftly in connection with African and Pacific colonies, dismissing the governors of the Chad region in equatorial Africa, the Cameroons mandate on the African west coast and New Caledonia in the southern Pacific.

The government announced yesterday that rebellions had developed and it charged the disorders to British guarantees of economic protection to French possessions taking the British side of the war. The civil governor of New Caledonia was replaced by a military governor.

So far as Indo-China is concerned the move was precautionary, at most. There has been no hint of disaffection there.

Osey Robinson And Doris Hightower Are Wed Here Saturday

Osey Robinson of Frost, a former Corsicanan, son of Mr. and Mrs. John Robinson, 614 South Eighteenth street, and Miss Doris Hightower, daughter of Mr. and Mrs. C. E Hightower of Frost, were united in marriage Saturday morning, August 24, at 9:30 o'clock at the First Methodist parsonage in this city, with the pastor, Dr. P. E. Riley, reading the impressive ceremony.

The bride was wearing a black and white sharkskin frock with white accessories, and was unattended.

Immediately after the ceremony, Mr. and Mrs. Robinson left for Shreveport, La., where they were guests of Mr. Robinson's sister and her husband, Mr. and Mrs. Audrey Kellum, until Sunday afternoon, when they returned to their home in Frost.

They chose August 24 as their wedding date as it was the 23rd wedding anniversary of the bride's father and mother.

BUILDING COSTS HAVE LAGGED BEHIND— GET YOUR NEW HOME BEFORE THE WAR CHANGES THE SITUATION.

DURING the First World War prices boomed . . . because of the increased demand for raw materials and manufactured goods by warring nations. For the second time in most of our lifetimes, guns are blasting in Europe, and prices are booming on this side of the Atlantic!

Building costs have lagged behind in the general recovery from depression . . . but, if the War continues, this may be a temporary condition. You probably won't see such favorable conditions for building for many years, so today is the logical time to build. Prices on building materials, labor, and land are still low.

Jump the gun and start building before it's too late! All you need is 10% to use as a down payment, and a steady income, to start building tomorrow. Call us today . . . our information and advice is free.

ROLLING UP OUR SLEEVES

This country is full of argument and confusion on nearly every matter of public concern, but there is evidence that it is beginning at last to get down to business at a few practical points.

Negotiations for air bases on foreign possessions in this hemisphere—chiefly British—are most important. If we are to protect and defend the Panama Canal such bases are necessary.

Our relations with Latin America are not to be left to chance. The appointment of Nelson Rockefeller second son of John D. Rockefeller, Jr., as co-ordinator of commercial and cultural relations in the American republics is a move in the right direction. Mr. Rockefeller's interest in the southern continent of this hemisphere is not a sudden development. It began some years ago. He learned to speak Spanish because he believed business men wanting to deal with them should use the language and follow the customs of business men there. He should know, and be able to tell the rest of us, what is needed to fill in the flesh and blood of the skeleton program outlined in the Act of Havana.

The recent war "games" show up the weakness of our military forces. They attracted wide popular interest and should help us to reach a decision on conscription and defense.

We have a lot more to do and we aren't all awake yet, but we seem to be closing the gaps in our ignorance of and indifference to the world situation.

STYLE SHIFT

American styes for women are still tied to France, but dominance of French dressmakers beyond the coming winter is considered unlikely. And who will inherit the French dictatorship? Presumably America. When our modistes have coasted through the winter they are expected to make a real drive for American fashions in the spring.

"No doubt about it, this is the 1776 of the fashion world," says Miss Dora Loues Miller, a fashion observer and style adviser in Paris for 15 years. "There is a great possibility that the members of the smart international set who have arrived in this country, and particularly in New York, can and will sieve through the creations of the American designers and elect their own favorites. These designers will acquire prestige simultaneously with their customers, as happened abroad." Such leadership, as expressed through a cosmopolitan, traveled and social group of women, she expects, will bring to America a type of fashion inspiration that we have needed.

Our men, for the most part, may consider this development enormously unimportant, but the women know better.

For sheer cussedness, there's the fellow in St. Joseph, Mo., who broke into a church to steal the sacramental wine and, when he couldn't find it, used the church phone to order whiskey and charged it to the church.

Great Russia seems to think it's wonderful when she agrees to buy $40,000,000 worth of goods from us. Little Canada buys ten times that much and thinks nothing of it.

JUST FOLKS

TRIMMING THE BARBER.

The barber of Bad Axe was working on me:
"I hear you no longer go golfing," said he.
"I'm told," he went on as he studied my head,
"You've abandoned the game and go fishing instead.
And fishing with worms is the word that I hear
Since that beautiful trimming I gave you last year."

I liked not his speech nor the curl of his lip,
So I said: "For this hair cut and tonic and tip
And a once-over shave and a wash of the hair
I'll give you a game any day that you'll dare."
"Tomorrow," he answered, "I'll be on the tee,
The angels I'm certain have sent you to me.'

All winter I'd thought of that day of despair
When that barber of Bad Axe I'd had in my hair.
All winter I'd vowed if the chance ever came
I'd offer that barber of Bad Axe a game,
And in terms of the world-wide tonsorial text
I lived for the hour when my turn would come next.

Now the Barber of Bad Axe is back in his shop
With his bottles and towels and razor and strop.
The customers come, and they wait, and they leave
But silence, dead silence, is all they receive
For never a word, during hair cut or shave
Says he of the "beautiful trimming" I gave.

UNSEASONAL RED CROSS JOB

A too-rainless August in Ohio is far too wet in the South. Cloudbursts, continued rains, high winds that brought in tidal waves along the coast, have caused heavy property damage and some loss of life in the Carolinas, Virginia, Georgia and Tennessee. On the other side of the country a terrific wind and rain storm shut down power plants, flooded streets and put three feet of water in several business houses in surprised Tucson, Arizona, thriving little city in a desert.

Wrecked roads and bridges, flooded homes and buildings, interrupted communications and lack of power, mean loss of life and millions of dollars worth of damage to property. They also mean a hurry call for the American Red Cross, which goes into action at once to feed, clothe and shelter unfortunate families and to ward off epidemics and restore normal living as rapidly as possible.

It is unusual for the Red Cross to have such calls for help in the late summer, but thanks to the annual enrollment of millions of Americans, that useful organization is always ready for any emergency in any month.

EXPENSIVE PROPAGANDA

Americans on the mailing list of the German Library of Information, located in New York City, are impressed with the quantity of material they receive and with the amount of money that must be spent for printing and mailing. A recently published general index to Volume 2, Numbers 1 to 26, of "Facts in Review," indicates the scope of material covered. This index is itself a work of great detail and efficiency. Subjects are first listed alphabetically, then by separate issues. There are lists of the photographic illustrations, the maps, charts, graphs and photostatic reproductions carried in "Facts." The index is a 16 page leaflet.

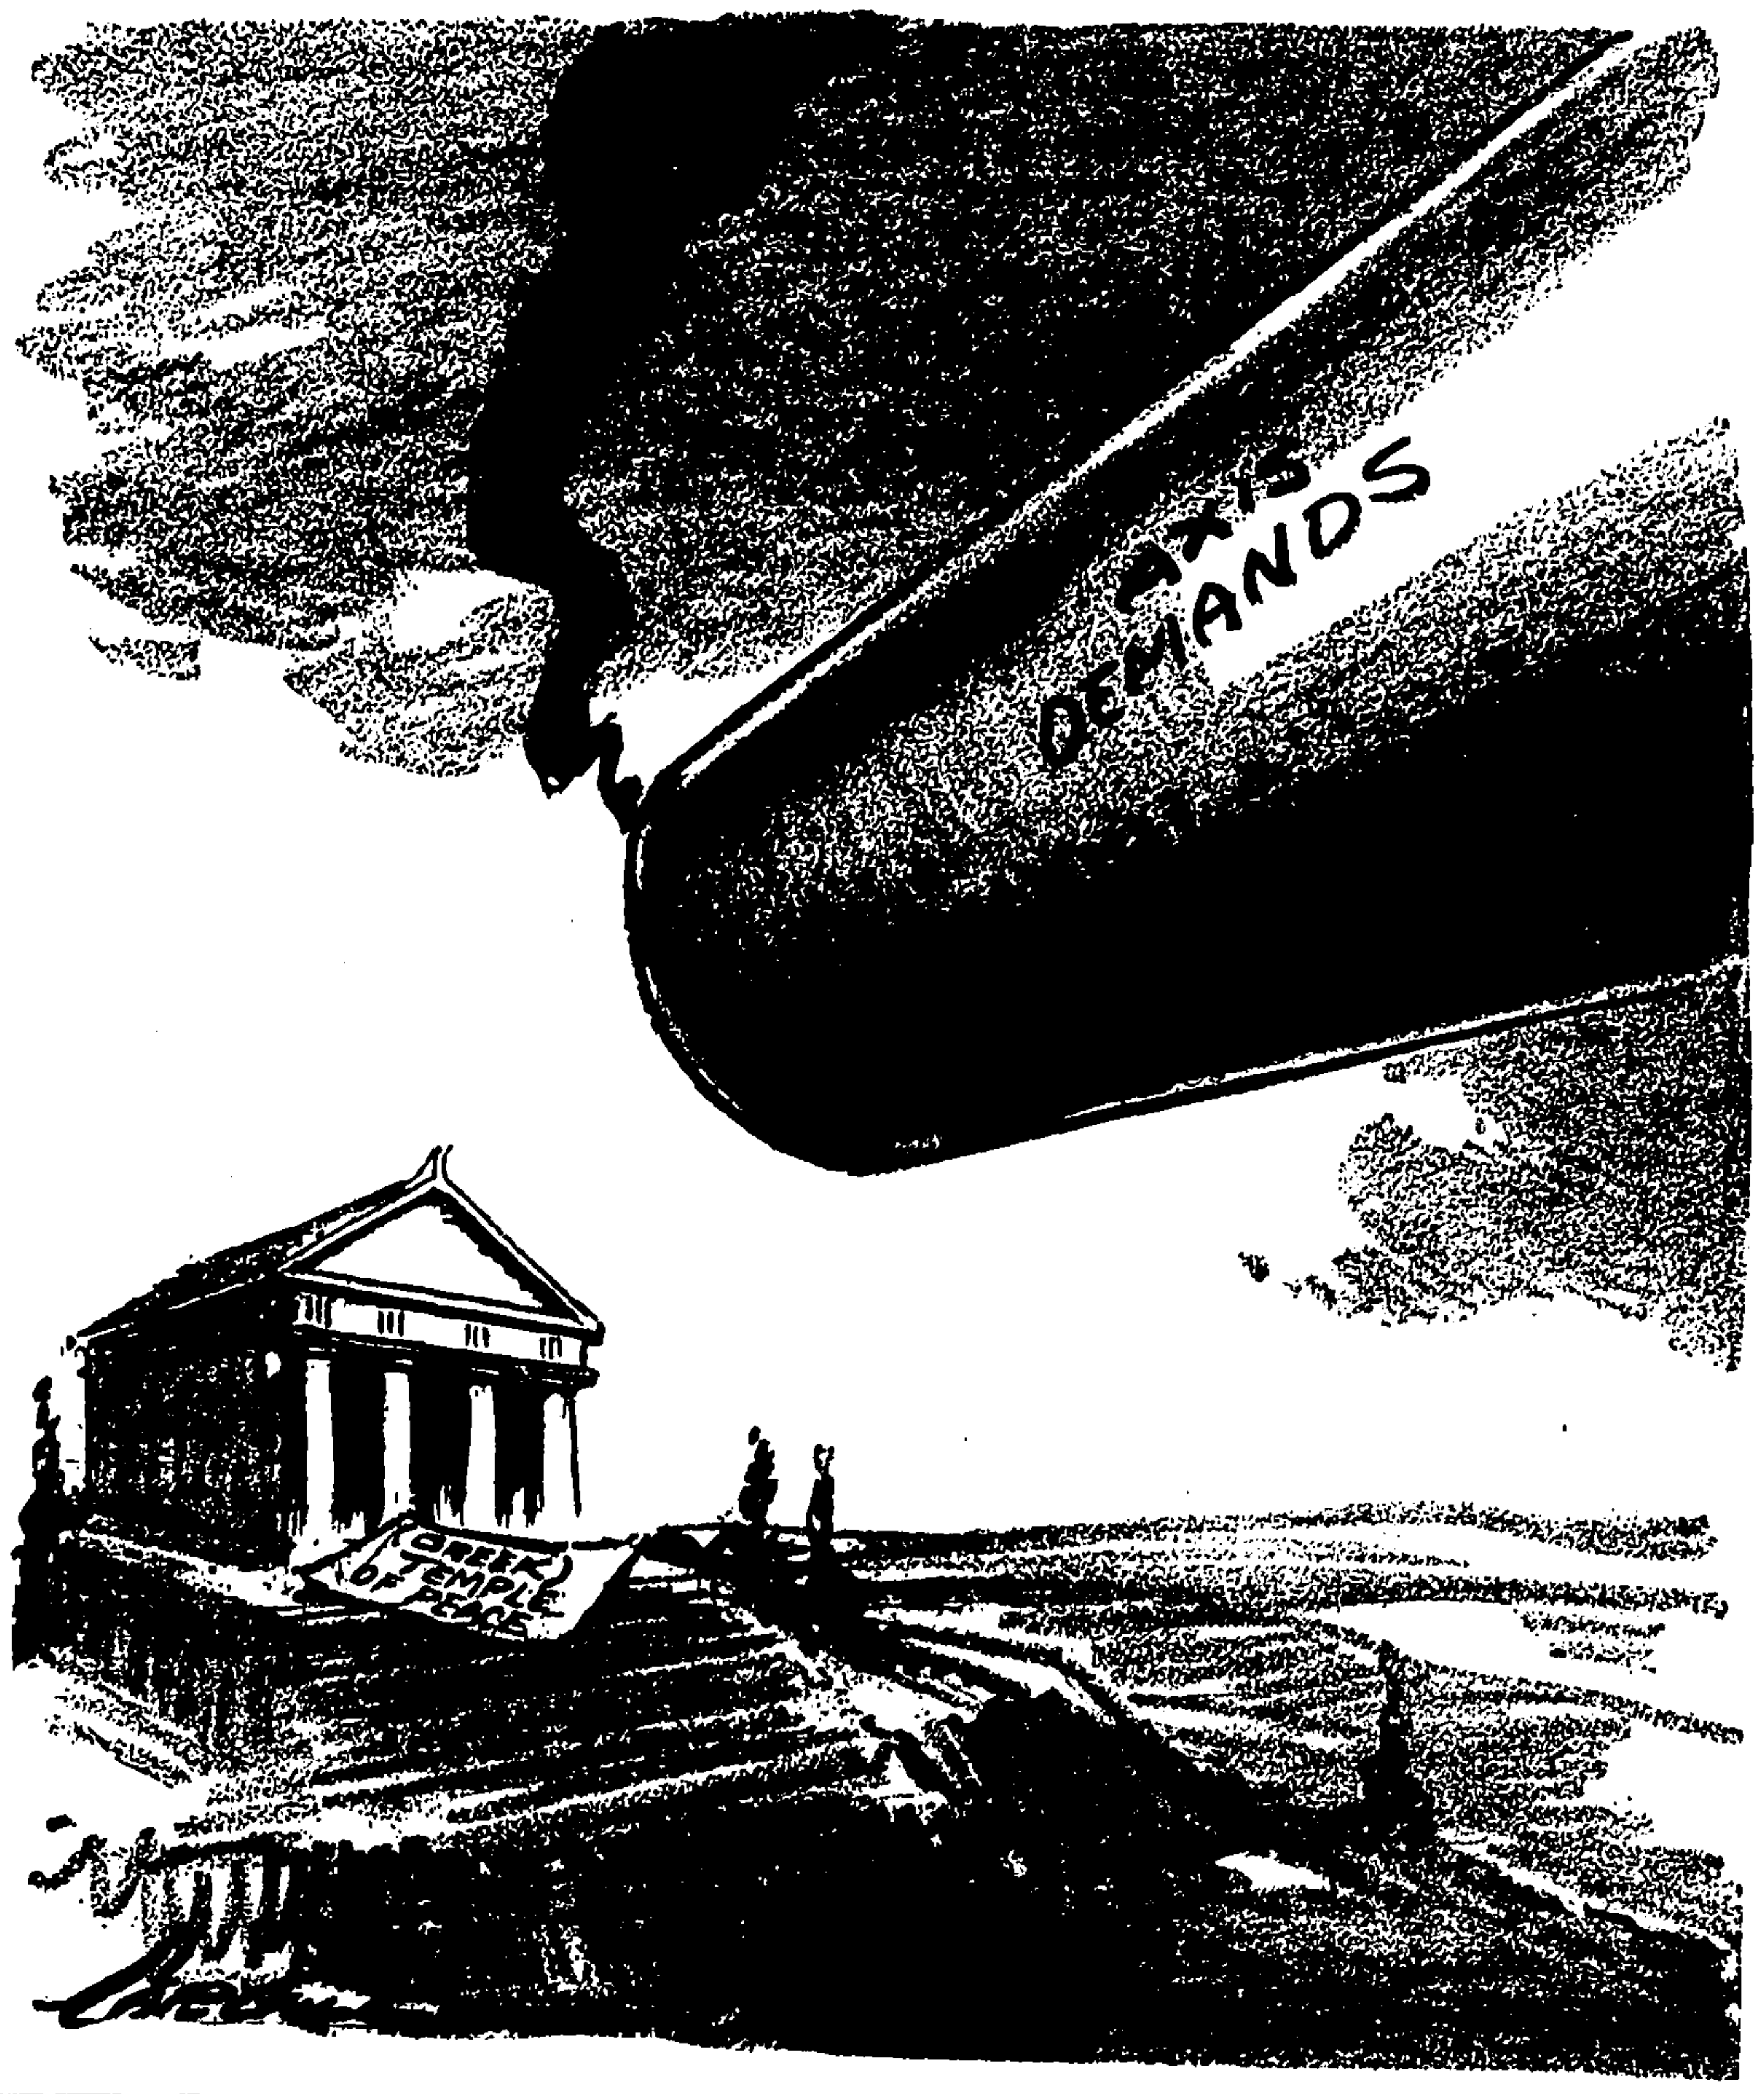
The Nazi government, one feels sure, is not sending good money out of Germany to pay for this propaganda. There must be generous contributors on this side of the Atlantic. Do they really think they will get their money's worth in American converts?

The art of catch-as-catch-can war-claiming improves right along, with the Nazis generally rated as the best claimers.

We have our political differences in this country, but a President doesn't put his predecessor on trial for his life.

French statesmen complain that we Americans don't understand their new government. Well, who does?

"ROMAN INFLUENCE ON MODERN ARCHITECTURE"



RULES GOVERNING FAIR ENTRIES WERE DISCUSSED SATURDAY

Rules and regulations governing the individual entries of the Women's Home Demonstration department at the Corsicana Livestock and Agricultural Show, were reviewed by Mrs. W. C. Wasson, chairman of the County Council in a regular meeting of the Council at the courthouse Saturday, August 17.

She explained that all exhibits must be in place by 10 a. m., Sept. 24. All entries must have been made, completed, or produced by the party entering the same during the current year. Products entered in a displayed cannot compete as singles. No premiums will be paid on any article not listed in the fair catalogue.

The chairman pointed out that articles placing in a previous county fair may not be entered any following year. She said that all textiles must be properly labaled. All canned products must bear regu ation labels. Print all labels in ink.

Mrs. Watson stated only women or girls enrolled in home demonstration or 4-H clubs in 1940 are eligible to compete in this department.

With Mrs. C. E. Williams of Oak Valley heading the committee, plans are being made for a "country kitchen" at the fair, directed by women from the various clubs. Quality foods, grown on the farm will be sold through this kitchen.

It was voted that the clubs be represented in the opening parade by officers and members of he Council.

Mrs. R. P. Garrett was appointed chairman of arrangements.

Bazette, Corbet, Jones Ranch, Oak Valley, Stansell, White's Chapel, Pickett and Mildred clubs had representatives at the meeting.—Reporter.

Veterans' Officer Be Here Monday to Assist Claimants

Ed Fenton, assistant veterans' state officer, will be in Corsicana Monday, September 2, at the county court room to interview anyone with claims for compensation for world war veterans or their dependents, Andrew G. Steele, local American Legion leader, has been advised.

Anyone interviewing Mr. Fenton is urged to bring all papers ever received in connection with the claims, it was stated.

Leave For California.

KERENS, Aug. 28.—(Spl.)—Mrs. John R. Simmons and daughter, Patty, of Kerens, accompanied by their mother and grandmother, Mrs. J. R. Frye and brother and uncle, Frank Frye of Couchetti, La., left in the former's car Tuesday for Huntington Beach, Calif., where they will be the guests of relatives until after Sept. 1st.

Presbyterian Young People At Kerens On Last Sunday Evening

The young people of the First Presbyterian church and of the Third Avenue Presbyterian church met last Sunday night in their third joint meeting. For this meeting they went to Kerens and there joined the Presbyterian young people, who presented an excellent and worthwhile program concerning young people's opinions of war.

An imaginary trip was taken to England where a very realistic air raid took place. This necessitated that all hurry to the air raid shelter, where the program was continued under blackout conditions.

Next Sunday the young people's groups of the two churches will meet at 7 o'clock at the First Presbyterian church.

NAVARRO COUNTY LANDOWNERS WILL ELECT SUPERVISORS

Navarro county landowners will elect three supervisors Saturday, August 31, for the Navarro-Hill soil conservation district. These three, along with two already appointed by the state conservation board, will constitute the governing body for the entire district, and will inaugurate and administer any program set up in the district, it has been pointed out. The two supervisors already appointed are R. M. Hudnall of Chatfield and Thad Jones of Hubbard, Hill county.

The trio to be voted on Saturday (unopposed) are E. Creekmore of Hillsboro, W. C. Pearce of Richland and T. S. Hooser of Frost.

Following are the voting divisions and polling places in Navarro county, with the first named man as the presiding judge and the others clerks for the election:

Box 1, courthouse, Corsicana. Hugh Parrish, A. L. Weeks and J. C. Horn. Voters in Justice Precinct 1.

Box 2, blacksmith shop, Chatfield, L. R. Hall, J. J. Kelt and Wm. P. Thorp. Voters in justice precinct 2.

Box 3, Kerens high school, Kerens, John T. Kyser, Lacy Garrett and William Anderson. Voters in Justice Precinct 3.

Box 4, tabernacle, Dawson. M. W. Roberts, J. L. Turner and C. T. Roundtree. Voters in Justice Precinct 4.

Box 5, schoolhouse, Frost, G. E. Moore, E. M. Dawsn, and H. A. Scott. Voters of Justice Precinct 5.

Box 6, First National Bank, Richland, J. W. Richards, S. F. Herod and W. T. Carter. Voters of Justice Precinct 6.

Box 7, Bonner store, Eureka. J. A. Bonner, E. D. Smith and R. M. Martin. Voters in Justice Precinct 7.

Box 8, First State Bank building, Barry. Dan Bell, Glenn Bell and L. W. Varnell. Voters of Justice Precinct 8.

Oil Field Worker Injured.

Abe Steele, employee of the Coffield and Guthrie Oil Company, is in the P. and S. Hospital suffering from a head injury reportedly received while working at the Coffield-Guthrie lease. His condition was not regarded as serious. It was reported that Mr. Steele was engaged pulling rods on a well when the accident occurred. He was taken to the hospital in a private car.

Back In Kerens

KERENS, Aug. 28.—(Spl.)—Mr. and Mrs. Herman Hall and daughter, Anita, who have resided on their farm for the past three years, are again in town having completed the redecoration of their cottage in South Kerens, and moved in, that Anita might enter school here in September.

Infant Died Local Hospital Tuesday; Burial Wednesday

The infant daughter of Mr. and Mrs. James T. Gilley died at the P. and S. Hospital late Tuesday afternoon.

Funeral services were held Wednesday afternoon at 2:30 o'clock. Interment was in the Modrell cemetery.

Surviving are the parents and grandparents, Mr. and Mrs. Alonzo Whitaker, Corsicana.

Corley Funeral Home directed the arrangements.

Several Aliens Call At Local Postoffice

Ten or 15 aliens called at the postoffice Tuesday, the first day for registration under the national legislation recently enacted, A. A. Allison, postmaster, stated Wednesday. The aliens were given instructions for the filling out of the required information. The postoffice is seeking to make the registration expedient and pleasant for the aliens, the postmaster continued.

Included in those calling for the instructions by nationalities weer Mexican, Hungarian, Italian, Canadian and English.

NEW SERVICE FOR LOCAL COTTON PICKERS PROPOSED

A group of local business men have interested themselves in trying to work out a plan which will work to the advantage of both local cotton pickers and the farmers of the county who need help.

It is recognized that many farmers lose a lot of valuable time driving over the city trying to locate pickers from day to day. It is also recognized that many local people who want to pick cotton do not have ready transportation, or do not know just who needs pickers.

As an experiment, in cooperation with the Corsicana office of the Texas State Employment Service, it has been decided to ask all persons who want to pick cotton to gather each morning at one of the two following places:

EAST SIDE OF THE COURTHOUSE LAWN

IN FRONT OF THE JACKSON (Negro) HI SCHOOL.

The Texas State Employment Service will have a representative on hand at each place daily to help work out transportation arrangements for any pickers who are not picked up by the farmers.

It is believed that such a plan will simplify matters for both the pickers and the farmers who need help, and an effort will be made to organize truck transportation in a way that any group can move from one farm to another when they have finished a field so that no time will be lost in picking. Everyone interested is asked to pass the word along and to cooperate fully in this experimental effort to render a better service to those needing help and for the prospective cotton pickers.

COMMITTEE

All farmers who have accommodations for families and all families who desire to move to the farm for the cotton season, please contact the Texas State Employment Service Office at 113 West Fourth Avenue.

GERMAN

(Continued From Page One)

Besides Liverpool and Chatham, the ports of Cardiff, Bristol, Middlesbrough and Thameshaven were "effectively attacked" by the German air force, the high command said, as well as armament plants at Sheffield, Norwich and the airplane manufacturing center of Conventry.

Two airports in southeast England cut out for particular attack were named as much-bombed Eastchurch and Southend.

Most of the British bombs in Berlin fell in a workers district.

The high command reported continued mining of harbors by Germany's flying mine-layers and said that a single submarine, commanded by Lieutenant Commander Schepke, had reported sinking seved armed British merchant ships totaling 43,000 tons. Five of them were said to have been "shot from a strongly protected convoy."

Reprisal Arrests

Nerim Guen, Berlin representative of several Turkish papers, and three Turkish business men resident here, were taken handcuffed to central police headquarters as a reprisal for the recent arrest of a German book and newspaper dealer in Istanbul.

While an early-morning automobile inspection tour appeared to bear out the authorities' claim that no military objectives of consequence were hit, army officers, firemen and police hastened to Kottubsser street, in the southeastern part of Berlin, where the chief damage was done.

The officers took technical notes; the firemen fought blazes started by incendiary bombs, and police investigated reports the British had loosed delayed action missiles which might go off hours or even days after they were dropped.

In one block in Kottsbusser street, where the dead included a woman and a 16-year-old girl and three other persons killed in one building, about a dozen 100-pound high explosive bombs and an even larger number of incendiaries apparently fell.

An air raid warden directing people to shelters literally was cut down, a bomb fragment severing both legs. The dead and injured were on the sidewalks or in doorways.

Incendiary bombs apparently outnumbered the high explosives dropped by the British planes, for roof fires were reported from several parts of the city.

Three Norwegians to Die.

OSLO, Norway, (Via Berlin)—Aug. 29.—(AP)—Three Norwegians were sentenced to death by a German military court here today on charges of espionage.

New Dutch Regulations

AMSTERDAM, Aug. 29.—(AP)—Arthur Seysz-Inquart, German commissioner for the occupied Netherlands, decreed today property seizure and other severe punishments for Ntherlanders who demonstrate in any fashion for the House of Orange on Queen Wilhelmina's 60th birthday anniversary next Saturday.

The queen is in refuge in England.

TEXAS RED-HEAD WINS MOVIE ROLE

Anne Gwynne (above), who won recognition as a dancer at San Antonio while in high school, has emerged from minor film parts to a principal role in "Spring Paradise," now in production. The former swim-suit model once had ambition for a law career.

CURVACEOUS ANN GWYNNE, TEXAS RED-HEAD BORN IN WACO IS NEW CINDERELLA GIRL OF HOLLYWOOD

By TED GILL

HOLLYWOOD, Aug. 29.—(AP)—Curvaceous Anne Gwynne, 22-year-old Texas red-head, may yet prove to be one of movieland's latest choices for some mythical cinderella girl contest.

Cast in minor film parts for the past year, this 117-pound former swim-suit model, through the tutelage of Director Henry Koster, has been elevated to a loftier role in her latest and most important picture. It's "Spring Parade," now in production at universal Studios, featuring Deanna Durbin.

Anne, who was named Marguerite Gwynne Trice when she was born in Waco, Texas, on December 10, 1918, is cast in her new pictures Jenny, the bakery shop girl. She is Deanna's close friend and confidante and flirts with every man who comes within range of her big hazel eyes. It's a good role and one which may hoist her another big rung up the Hollywood ladder of success.

Following her appearance in several Little Theater offerings, Anne signed a long-term contract after one of the shortest interviews of its kind in movie records—just 47 seconds.

The interview consisted of but three questions and answers. No, she never had acted on the stage professionally. No, she never had been in pictures. Yes, she would like to be in pictures. That was all there was to it. The studio executive handed her a contract and she signed it. Not even a screen test was necessary.

The shapely red-head first won recognition with her dancing and oratory at a San Antonion high school. Then she attended Stephen College at Columbia, Mo., where her childhood ambition for a law career switched to the stage.

Coming to California, Anne obtained employment as a swim-suit model and spent her evenings in Little Theater and Dramatic school productions in Hollywood and Pasadena.

She plays the piano and the violin and her musical tastes tend definitely toward the classical. And, for diversion, she likes horse back riding, tennis, bowling and swimming.

A pair of Italian Mosaic earbobs, an heirloom in her family for several generations, and a 125-year old bible are her two most treasured possessions.

Idona, elasticized Vitality slip-on in black suede. Sleek, patent trim. Cuban heel. Patrician lines with a "tea-party" air! Available also in Bluejacket and Redport Wine suede and black crushed kid.

CONSCRIPTION

(Continued From Page One)

verion recommended by the senate military committee. One major addition would give the government the power to "conscript" industry for defense, if necessary.

The senate vote was expected to hasten action of the house military committee on a somewhat different version of the Burke-Wadsworth bill.

House debate is tentatively scheduled to start Tuesday. Proponents of conscription were optimistic the bill would be passed, and opponents privately conceded that chances of defeating it were slim.

The bill, as passed by the senate, contained the following major provisions:

1—All male citizens or prospective citizens from 21 through 30 would be required to register, with few exceptions.

2—Registered men would be subject to call for a year's compulsory military service.

3—The men called for service would be selected in an "impartial manner," and in such numbers as the president specifies. The maximum number of trainees at any one time is limited to 900,000.

Increase In Army Pay

The bill provided for an increase in the basic army pay from $21 to $30 a month.

Exemption from service would be granted registrants who are physically or mentally unfit, who have dependents, or who are employed in necessary agricultural or industrial jobs.

If the measure should be approved in substantially the same form by the house, a registration date probably would be set by the president about 15 days after the legislation became law. By October 16, the army would expect to induct its first quota of conscripts, approximately 75,000 young men. If army plans materialized, 400,000 would be in training by January 1 and 400,000 more by April 1.

The version of the Burke-Wadsworth bill now in the house committee differs on one big point from the senate-approved measure. It would make all men between 21 and 46 subject to registration and possible service.

Attempts to Nullify Beaten

The end came in the senate after conscription forces had beaten off attempts to postpone or nullify the draft provisions.

The conscriptionists themselves joined in adding some extraneous amendments, notably the joint amendment by Senators Russell (D-Ga) and Overton (D-La) giving the government power to take over industrial plants for the manufacture of defense materials.

The president would be authorized to direct institution of condemnation proceedings against any manufacturing plant whenever either the secretary of war or the secretary of the navy "determines that any existing manufacturing plant or facility is necessary for the national defense and is unable to arrive at an agreement with the owner of such plant or facility for its use or operation" by the war or navy department.

The departments would be empowered to take over the plant and operate it pending court action.

May Meet Opposition

Some house members predicted the "conscript industry" provisions would meet strong opposition next week, but said they anticipated little fight on another of the final changes—the amendment of Senator Adams (D-Colo), which would extend the present aircraft profit limitation of 7 and 8 per cent to cover guns, ammunition, material and other equipment.

The Adams amendment ran counter to requests of the administration and defense commission for the suspension of the aircraft and warship profit limitation snow effective. Provisions for their suspension are incorporated in the excess profits tax measure the house took up today.

Senators explained that if congress approved the proposed suspension of the profit limitations, the Adams provision would become inoperative.

Once the senate has passed the bill, Senator McKellar (D-Tenn) called up a $5,008,000,000 house-approved defense appropriations bill, making it the unfinished business.

Principal Provisions Of Conscription Bill

WASHINGTON, Aug. 29.—(AP)—Here are the principal provisions of the Burke-Wadsworth compulsory Military Training Bill as approved by the senate:

1. All males, with minor exceptions, from 21 through 30 years of age would be required to register.

2. Those registered would become liable for service with the nation's armed forces for 12 months in peace-time, or longer if congress found the national interest imperiled. Aliens who have not filed naturalization papers would escape liability.

3. The President would be authorized to select in an "impartial manner" from this group men for service. Individuals whose work was deemed essential to the nation and those with dependents could be granted a deferment. Deferment would be mandatory for certain state and federal officials and ministers. Divinity students would be exempted and conscientious objectors assigned to non-combattant or special work.

4. Those conscripted would be given the same pay and allowances as member of the army, navy and marine corps. Base pay in the army would be increased from $21 to $30 a month.

5. Service would be limited to the Western Hemisphere and not more than 900,000 trainees could be in service at any one time.

6. Trainees who completed active service would became members of the reserves for 10 years and subject to retraining at intervals.

7. Selection of trainees would be based on quotas for each state, with credit being given for men already in the armed forces.

All men from 18 through 30 would be given opportunity to enlist voluntarily for the same training and service as those conscripted.

9. Employers would be required where possible, to reemploy men who left jobs because of being conscripted.

10. Provision would be made to prevent evictions and foreclosures for non-payment of debts of men conscripted.

11. The President would be authorized to establish local boards and appeal boards to classify men registered and pass on applications for deferment and similar matters.

House Takes Up Excess Profits Tax

WASHINGTON, Aug. 29.—(AP)—Invoking procedure regulations so drastic that the call of "gag rule" was heard, the house took up the excess profits tax legislation today with leaders intent on driving it through to passage by nightfall.

House leaders agreed to restrict sharply both debate and amendment offers to assure speedy action on the measure which has been urged as vital for faster progress in the defense program.

Designed both to prevent "war millionaires" and to grant tax concessions to defense industries, the bill has three major sections:

It would levy an excess profits tax of from 20 to 50 per cent on corporations;

It would permit defense industries to deduct from their taxable income over a 5-year period the entire cost of facilities installed to handle army and navy contracts;

It would suspend existing limitations on the profits to be made on government orders for aircraft and warships.

To Use Newspaper Ads.

PHILADELPHIA, Aug. 29.—(AP)—The U. S. Army is going out after recruits next week through the medium of newspaper advertising with a campaign playing up a chance to "learn and earn."

The war department has earmarked $250,000 for the National program, designed to supplement recruiting activities to bring the army's enlisted strength up to its full authorized strength of 375,000 by Januaary 1.

Planning the campaign, N. W. Aver and Son, of Philadelphia, an advertising agency, delved into army recruiting statistics.

"It showed us," said anexecutive," that a majority of men join up because they want a chance to learn some skilled trade, and improve their earning power."

NEWS FLASHES

POWERS OF REASON

Ambassador Bullitt was denounced by senate isolationists as a warmonger and a communist lover. Seems some people hold that a desire to aid Britain and approval of the selective service bill are proof enough of war-loving, communistic qualities.

Mexico Approves Bank.

MEXICO CITY, Aug. 29.—(AP)—It was reported today that the senate approved the projected creation of an inter-American bank in a secret session yesterday.

With the senate's approval, Foreign Minister Eduardo Hay will notify the PanAmerican union in Washington of Mexico's adherence to the project.

Veterans Endorse Conscription

LOS ANGELES, Aug. 29.—(AP)—Veterans of Foreign Wars at their annual national encampment today considered resolutions demanding that congress outlaw the communist party and indorsing military conscription.

Ample Newspaper Material

NEW YORK, Aug. 29.—(AP)—The American Newspaper Publish-ers Association committee on supplies reported today that "there is sufficient raw material and plant capacity" to take care of newspaper needs without interruption despite the European war and the national defense program.

The committee reported that "there is ample evidence everywhere, though, that newspapers must discontinue 'hand-to-mouth' buying habits."

"Many of our important suppliers have equipment for building heavy machines and for building precision machines," the report said. "These producers are 'naturals' for armament work. So, we must stop send 'rush' orders."

Gathering Information.

HALIFAX, N. S., Aug. 29.—(AP)—Gathering information for joint defense plans, officers of Canadian and the United States naval and air services inspected facilities in the Canadian eastern command today.

Three U. S. members of the permanent joint defense board were to survey sites in Nova Scotia and Newfoundland for possible establishment of U. S. naval and air bases and visit the Newfoundland airport, largest in the world.

PIPELINE BLAST

(Continued From Page One)

suffered critical burns in fleeing the scene.

The dead: (All Oklahoma)—
Donald King, 22, Buffalo.
Warren Hendrix, 39, Cedardale.
George Vosman 20, Selman.
Pat Cummings, 29, Laverne.
Vernon Harding, 21, Laverne.

King and Hendrix were trapped in a raging fire which broke out after the blast. The other three died later in hospitals.

Storer, who had gone to the scene in search of work, was only 100 yards away when the pipeline blew up. A wall of flame swept across the sagebrush in the field.

"I turned and ran out of danger, then looked back," he related. "There was a great cloud of smoke and men were running madly out of it."

The fire, which covered 30 acres, was brought under control shortly after midnight.

Buffalo is in the northwestern corner of Oklahoma.

1941 BUDGET WAS ADOPTED TUESDAY BY COMMISSIONERS

BRIDGE REPAIRS ORDERED; VENEREAL CLINIC TO BE ESTABLISHED

Authorization of repairs to the Emhouse bridge spanning Chambers creek near the Ellis-Navarro county line and adoption of the 1941 budget after several changes were effected featured the Tuesday afternoon session of the Navarro county commissioners' court. An order calling for the payment of three $1,000 bonds in Road District No. 14, to be paid by the state board of county and district indebtedness, was passed. Tax matters were considered. Included in the budget as finally adopted was an item for the establishment of a venereal clinic. The tax rate will be 48 cents, a reduction of 1 cent.

Dr. Will Miller appeared before the court relative to the proposed establishment of the venereal clinic, stating that if the county would appropriate $600, that amount would be matched by the federal government. Necessary medicine will be furnished by the state, Dr. Miller continued, and a group of five or six local physicians will give their services.

Upon motion by Commissioner T. P. Hayes, seconded by Commissioner C. M. Fitzergerald. W. M. Elliott, county surveyor, was employed as foreman for the Emhouse bridge repairing, under the supervision of the court He will be paid five per cent, and was authorized to take plans, etc., and make recommendations back to the court as soon as possible. Contract was entered with the Austin Bridge Company, on a 15 per cent cost plus basis, for the bridge work as recommended by Elliott and approved by the court. All voted aye on these two motions.

The public weighers bond of H. S. Whorton of Blooming Grove was approved.

Several changes in the itemized division of Precinct 1 funds as previously approved by Hayes were made upon the suggestion of Commissioner-Nominee Jim Taylor who was invited to make any suggestions he desired by Hayes. Taylor succeeds Hayes Jan. 1, 1941. An item for $3,000 to be used to purchase machinery was added and the $8,000 item for permanent road construction was reduced to $5,000.

Upon motion of Fitzgerald, seconded by Slaughter, the previous action of the court in setting up $1,200 for the payment of the salary of an additional assistant county agent working with the boys clubs, was rescinded. Slaughter and Fitzgerald voted for the measure with J. N. George and Hayes voting no. County Judge Paul H. Miller voted aye to break the tie and rescind the action.

Upon motion of Slaughter, seconded by Fitzgerald, $600 was set up in the 1941 budget to be used for a veneral clinic if this fund is matched. This fund is to supplement the $5,000 set up for the county hospital for the treatment of indigent patients suffering with the above diseases. All voted aye. The remaining $600 was then placed in the budget toward the salary of the assistant county agent.

Authorization was given for the renting of land for the county farm.

Discussed Fund Split

A discussion was held relative to a proposal by Slaughter and Fitzgerald that the road and bridge fund be divided equally between the four precincts. Hayes warned that such a move would be bitterly opposed by him with intimated attendant court action. Slaughter made a motion that precinct 3 be allowed 25 per cent of the road and bridge fund. The motion died for the want of a second.

Hayes made a motion for the adoption of the 1941 budget and it was seconded by George. George and Hayes voted for the measure and Fitzgerald and Slaughter voted no. Judge Miller broke the tie and adopted the budget with an aye vote.

Tax Rate Reduced

The tax rate for 1941 will be 48 cents on the $100 valuation as compared with 49 cents in 1940, a reduction of one cent. The county rate is 25 cents for the general fund, 15 cents for the road and bridge fund, six cents for the jury, a reduction of two cents, and two cents for the permanent improvement fund, an increase of one cent in that levy.

This is in the face of a reduction in the assessed valuations to the $15,500,000 mark.

Reductions were made in the 1941 rate of a number of the road districts in the county while no raises were made.

Included in the new provisions of the budget was an item of $1,200 for the salary of another assistant county auditor and the institution of a cost accounting system for all county departments.

Among the items including revenues anticipated as well as expenditure provisions in the budget as adopted Tuesday afternoon were:

Jury fund: Revenue—$14,050, based on the 6-cent levy. There is about $10,000 in that fund now and the expenditures in the budget were listed at $15,008.

Road and Bridge Fund

Road and bridge fund: Revenues—15-cent levy, $36,100; automobile registration, $80,000; total $116,100. The expenditures were listed as $31,653.52 for precinct 1; $25,832.16 each for the other three precincts; $6,750 for commissioners salaries, and $200 for egineering costs.

General Fund—Revenue from the 25-cent levy, $61,850. Expense: Commissioners salaries, etc., $4,275; county cleark for army discharges and vital statistics, $225; auditor's and assistants salaries, etc., $5,550; assessor and collector for assessing taxes, $3,110; county treasurer's commissions, $485; maintenance of buildings for janitors salaries, lights, water, and repairs, $5,425; elections, $1,000; interest, $1,000; insurance, $500; advertising, $75; autopsies, $50; judicial and law enforcement for all courts, $7,950 (trial fees, etc.); sheriff attending court, feeding and guarding prisoners, $7,200; probation court, $50; lunacy costs (clothing and transportation), $1,025; jail maintenance (lights, bedding, repairs, janitor's supplies), $875; salaries, feeding, lights, heat, clothing bedding and repairs at the county farm, $2,129.

Pensions and paupers, $200; clothing, $250; medicine, $125; donations (sewing room, case workers' salaries ($2,600) rent on building and burial expenses, $3,275.

Health: Salary of county health officer, $900; P. and S. Hospital, $5,000; transportation, $200 (sanitoriums, etc.); venereal clinic, $600 (new). Total for health, $6,700.

Agriculture: Salaries for five agents $4,462; stationery and supplies, $225. Total $4,687.

Equipment: Office furniture, $75; office equipment, $1,200.

To pay indebtedness: $24,000. (This does not represent the debt of the county, but was set up in the budget if required).

Permanent improvement: The 2-cent levy will produce $4,100 and approximately $1,000 is expected to be left in the fund from this year, leaving a budget of $5,100 if required.

Salary Fund: Revenues—Assessor and collector of taxes, $27,000; district clerk, $2,000; county clerk, $10,000; sheriff, $10,000; county judge, $700; criminal district attorney, $10,500; state apportionment, $10,225. (This is received for felony work). Expenditures are listed at $70,425.

County treasurer: Salary, $1,200; assistant's salary, $300; stationery, $100. Total $1,600. Revenues will amount to $2,000.

Road Rates Reduced

Navarro county property owners will have reduced levies in 1941. The state rate is 69 cents on the $100 valuation as compared with 77 cents in 1940. (This will not affect anyone unless owning more than the state homestead exemption of $3,000).

The county rate is reduced one cent and a number of the road district levies have been scaled down while in no instance have the road taxes been increased. The rate in Consolidated Road Distrirt No. 1 has been reduced from 50 cents to 43 cents, a 7 cent relief. Other road district rates include:

Road District No. 3 (Barry), 20 cents, a 5-cent reduction.

Road district No. 4 (Frost), 60 cents, a 5-cent reduction.

Road district No. 5 (Dawson), 25 cents, a 5-cent reduction.

Road District No. 7 (Montfort), 60 cents, no change.

Road district No. 8 (Blooming Grove), 80 cents, a 5-cent reduction.

Road District No. 9 (Kerens), 20 cents, no change.

Road District No. 10 (Buffalo), 60 cents, no change.

Road District No. 11 (Corsicana), no levy.

Road District No. 11 (Rice), 80 cents, no change.

Road District No. 14 (Pursley), 15 cents, a 5-cent reduction.

Road District No. 15 (Winkler), $1.40, no change.

Morning Session.

On motion of Commissioner J. N. George, seconded by Commissioner C. O. Slaughter, it was decided to allow a 3 per cent discount for payment of current taxes in October, 2 per cent in November and 1 per cent in December, the same procedure as carried out in 1940. All voted aye.

A petition was received from a number of residents in Precinct 2 near the Oliver bridge asking that the road be closed. Judge Paul H. Miller advised the court that property owners and citizens in Precinct 1 along the same road did not desire the road be abandoned. Action was deferred.

Outlines Work Done.

Mrs. Brown outline the work done with crippled children by her in conveying them to hospitals etc., for treatment, pointing out that 600 children and many adults had been aided for bad eye tonsils, tumors, cancers, and other ailments. She asserted that a [illegible] clinic for Navarro county [illegible] badly needed and that Drs. O. C. Bowmer, Will Miller and [illegible]de Stroud had agreed to aid [illegible] its operation if established. She said the government would match $50 appropriated by the county to carry out such a program, and that the clinic could be operated at the P. and S. Hospital, countyowned and operated.

Mrs. Brown further related that 17 children had been placed in orphanages by her, and that she had made 94 trips to hospitals. She said the John Sealy Hospital in Galveston would take the children sent there by her, but that she needed money for traveling expenses, asserting she had about reached the end of her resources.

Sam Pinson of the Austin company said the temporary bridge under construction below the main bridge should be completed this week.

Be Prepared
Get A Business Education

Every one should have a business education as a background for life's work. Every one cannot attend college. - - There would not be enough colleges, or is it possible for such a situation to be financed.

But most every one can get a Business Education. If you do not believe this, just call on us and talk the matter over.

There is no need to leave Corsicana or Navarro County to secure a Business Education.

The--
Navarro
Commercial
College

Is not a fly-by-night organization. It is owned and operated by your local citizens. It has been in operation long enough to have the merits of its work tested.

This college is doing good work and will continue to do good work. Our graduates are thorough, or they do not graduate from this college.

Our president says this is no time for one to neglect training for the future - - - A good business college is an asset for any community. We want your help and influence in building an excellent Business College in Corsicana and Navarro county. We invite your investigation.

CLAYTON FORECASTS COTTON EXPORT OF BUT 1,500,000 BALES

HEAD OF WORLD'S LARGEST COTTON FIRM SEES UNPLEASANT BUSINESS OUTLOOK

HOUSTON, Aug. 27.—(AP)—If the European war continues through the present cotton season U. S. cotton exports probably will not exceed 1,500,000 bales, famed cotton merchant W. L. Clayton said today.

In addition, 425,000 bales of barter cotton coming out of present government stocks will go to England, Clayton added.

Clayton heads Anderson, Clayton and Company, one of the world's largest cotton trading firms.

"Only two markets are open to American exporters at present," Clayton said.

"These are Great Britain and the Fast East. Continental Europe is just about eliminated because of the British blockade and general war conditions, including our own embargoes against American ships. England won't buy much and Japan will be handicapped by the difficulties in obtaining dollar exchange with which to pay for cotton.

As a result of the closing of foreign markets, it seems certain that fully 4,000,000 bales of the current crop, promising at the moment to be around 11,500,000 bales, will go into the government loan. Out of this perhaps 2,000,000 bales will come out next spring to enter domestic consumption channels, leaving 2,000,000 in the government loan stock."

Clayton said reports reaching him indicate the crop is doing well and probably will be larger than indicated a few weeks ago. Some believe the crop will amount to 12,000,000 bales, he said.

Clayton declared the American people must tighten their belts for increased taxation that must come as a result of the armament program.

"There must be a temporary lowering of the standard of living," he said. "Both capital and labor must make sacrifices. If these things are done, business and the rest of the country will meet the test."

Many Thanks

For the fine vote given me in the two primaries in my race for reelection. I will ever be grateful to my friends who have supported me through the years. My one aim has been to serve. I trust that I have already merited your confidence in me.

The annual picnic on the occasion of A. J. Deskin's birthday was held August 23 on the Trinity river at the Horseshoe Bend.

Those present were Mrs. W. J. Tramel, a sister of Mr. Deskin; her husband, W. J. Tramel and their daughter, Betty June; Mr. and Mrs. Robert E. Pike, Mr. and Mrs. Roger Deskin, Mr. and Mrs. Jack Albritton and son, Douglas. Mr. and Mrs. W. B. Stringer and children, Mr. and Mrs. Bill Fair and children, Mr. and Mrs. L. O. Bailey and children of Dallas; Mrs. Carlton Lewis and daughter, Miss Letha Lewis, of Malakoff; Mr. and Mrs. Richard Bates and daughters, Mr. and Mrs. John Deskin and children, Mr. and Mrs. Milton Lewis, Mr. and Mrs. Edward Standley, Mr. and Mrs. Jim Lancaster and daughters, Mr. and Mrs. M. H. Faughn and family, Mr. and Mrs. Jack Faughn and family, Ben Crocker, Mr. Terry, Clyde Johnston and children, Mrs. Walter Poe and children, Mrs. Knox Morton and children, Robert Reed, Pope Tarkington, Mr. Gormon, Sloane Warren, Mr. and Mrs. Oral Warren and baby, Mrs. Mildred Warren and baby, Mr. and Mrs. Roy Brown and children, Bill Tramel, Mr. and Mrs. G. S. Lancaster and son, Mr. and Mrs. Clyde Lancaster and sons, Martha Warren, Mrs. Lizzie Goodand family, Mr. and Mrs. Lloyd Colvin, Mr. and Mrs. S. M. Colvin and family, Mr. and Mrs. Ben Lancaster and family, Mrs. Poe, Mr. and Mrs. Robert Andrews, Mr. and Mrs. Everette Sims and daughter, Mr. and Mrs. Bertram Brown and son, Ed Goodman, Mr. and Mrs. John Goodman, Mrs. Nadine Crocker, Mr. Calhoun, Mr. James, John Raymer, Will Standley, Jim Cates, Misses Velma Lorene Purifoy, Pauline Tramel, Leda Hawkins, Helen Ruth Standley, Rooney Becktum, Thelma Pike, Elmo Tramel, Raymond Earl Crowley, Lonnie Edwin Crowley, Roy Clyde Jenkins, Jesse Glen Jenkins, Jack Weaver, Roy Poe, Jr., James Smith, Joe Sims, Allen Albritton, Leroy Sharrer, Fay Brown, William Fair, Jack Pharis, Z. O. Faughn, Marlin McGlown, Bobbie Griggs, Clifton Glasgow, the honoree and his wife and daughter, Amy Deskin.

Lunch was spread in a big, old-fashioned picnic style with Rev. Clyde Johnston giveing thanks.

Early in the afternoon swimming was enjoyed by many. Soon each one left the river to return to the annual musicale given by Mr. and Mrs. Deskin in their home. The music was enjoyed by all. Soon everyone left, wishing Mr. Deskin many happy birthdays such as they had witnessed that day and night.—Contributed.

Two Children Were Taken to Dallas For Treatment Wednesday

Two children were taken to Dallas for treatment Wednesday by Mrs. H. G. Brown, county representative for the Texas Society For Crippled Children, Inc., and one was returned home after extended treatments.

Alvin Richardson was taken to the Driver Clinic for treatment of club feet reported responding well to treatment; Hazel Murray was taken to Freeman Clinic for treatment. Willie Davis, colored, was returned from a three-week stay in Baylor hospital for treatment for ostemyletis.

LIFE HISTORY OF GOVERNOR O'DANIEL HAS BEEN COMPILED

A hundred-page scrapbook devoted solely to the life of Gov. W. Lee O'Daniel was exhibited at the Daily Sun office Wednesday by Miss Ruby Dell Caffy of Angus, compiler of the volume.

Miss Caffy is particularly proud of the governor's autograph which was affixed beneath his photograph when she displayed her work to him at Austin recently.

The book is bound in Irish green in tribute to the ancestry of its principal figure, and its pages are thirteen by fifteen inches in size. On the second page appears a frame portrait of the governor decorated with a green cord and a flag.

Pictures of the governor when a baby, of his mother, step-father, sister, pets, automobiles and other members of his families on various occasions are included, along with numerous poems and songs composed by him, cartoons, and souvenirs of several outstanding occasions in his life. The volume contains a complete story of the governor's life according to Miss Caffy.

Governor O'Daniel complimented Miss Caffy on her work, its neatness and arrangement, and asserted it was one of the nicest and largest he had seen.

TEXAS GETS BIGGEST SLICE FEDERAL CASH AGRICULTURAL FIELD

By WALTER WARREN

SAN FRANCISCO, Aug. 29.—(AP)—Farmers of the 11 far Western states had a total income of $602,980,000 in the first half of this year. That was the computation of the federal department of agriculture. It compared with $541,773,000 for the 1939 first half.

Government payments for the 11 states increased some $10,000,000 ovr the 1939 first half.

Sale of products brought $547,972,000 compared with $496,936,000 last year.

The ratio of government payments for the Far West to income from sale of products was roughly one to 10. In the South Atlantic states farmers got much more from the government—roughly $1 for every $6 they received in normal marketings.

The south central group pushed the federal payments spectacularly. They amounted to nearly $1 for every $3 of products marketed.

Department of agriculture figures for that group of states—from Alabama to Texas—were: Government payments $145,327,000, sale of farm products $456,842,000.

Texas got the biggest hunk of federal money of any state—$44,647,000. That compared with $160,548,000 the Texas farmers got for their crops in the half year.

Holditch Reunion Held Sunday, Aug. 25, At Blooming Grove

The annual Holditch reunion was held at the Blooming Grove stadium Sunday, Aug. 25, with great success. All came with filled baskets of fried chicken and the trimmongs to go with it. Lunch was served picnic style to some 33 persons.

Those attending were: Mr. and Mrs. W. S. Holditch, Cryer Creek; Mr. and Mrs. J. L. Barr, Cryer Creek; Mr. and Mrs. Herschel Saunders, Waxahachie; Mr. and Mrs. Fenner Holditch and son, Wayne, Blooming Grove; Mr. and Mrs. Carl Daniel and son, Jerry, Bloming Grove; Mr. and Mrs. Charlie Holditch and sons, Blooming Grove; Mr. and Mrs. Earl McGraw and son, Billy Earl, Corsicana; Mr. and Mrs. Roy Massengale, Barry; Mr. and Mrs. Henry Nicholson and family, Blooming Grove; Mr. and Mrs. Gus Patterson and sons, Blooming Grove; Mrs. Zilna Moore, Barry; Miss Billy Doris Johnson, Waxahachie, and Miss Etheline Haws, Barry.

All departed late in the afternoon reporting a nice time, and looking forward for the reunion of 1941, which will be held at the Grange Hall. —Contributed.

Highway Hearings.

AUSTIN Aug. 29.—(AP)—The Highway Commission today announced public hearings Sept. 30 and Oct. 1 on petitions for road improvements sought by county delegations and civic organizations.

To the Voters Of Precinct 1

I thank each and every one of you for your vote and cooperation given me on the 24th, which made me your democratic nominee for the office of Constable of Precinct No. 1. I ask you to give me your continued cooperation that I may better serve you in the capacity of Constable. Again thanking you.

WILLIAM E. (BILL) LEE

Need Laxative? Take All-Vegetable One

Don't let impatience lead you into harsh measures for the relief of constipation!

There's no use, for a little spicy, all-vegetable BLACK-DRAUGHT, taken by simple directions, will gently persuade your bowels.

Taken at bedtime, it generally allows time for a good night's rest. Morning usually brings punctual, satisfying relief from constipation and its symptoms such as headaches, biliousness, sour stomach, no appetite or energy.

BLACK-DRAUGHT'S main ingredient is an "intestinal tonic-laxative" which helps tone intestinal muscles. 25 to 40 doses, only 25c.

Improvement Of Highway 31 Gets Approval of WPA

SAN ANTONIO, Aug. 28.—(AP)—Construction of a $180,000 laboratory and shop building at the University of Houston to provide facilities for vocational training of students in co-operation with the national defense program was among the WPA projects authorizations announced today by Stearns S. Tucker, deputy state administrator.

Other projects approved included, by counties:

Gregg—Improve State Highway 31 beginning Smith county line and extending five miles east; WPA $7,781, state highway department $7,500; workers, 44.

Navarro—Improve State Highway 31; WPA $11,897; state highway department $23,372; workers 59.

Webb — Improve Peta-Mangana road southeast Laredo; WPA $1,206, county $815; workers 20.

The above-mentioned project for Highway 31 in Navarro county is the rebuilding of the old wooden bridges and culverts between the Ward bridge crossing of Richland creek and Dawson. The largest single item is the reconstruction and straightening of the Battle creek bridge east of Dawson. The some 12 other smaller strucures are mainly culverts.

New York Musician Visiting His Parents In Kerens Two Weeks

KERENS, Aug. 28.—(Spl.)—Joe G. Sheppard, of New York City, is spending two weeks with his parents, Mr. and Mrs. Joe Sheppard here. Joe G. who is a talented musician, both vocally and instrumentally, is now a member of the renowned Seventh Regiment Band of New York. This band has appeared at functions at Columbia University, time and again, most recently playing at the annual midterm summer commencement exercises.

Mr. Sheppard has made his home in New York for the past several years, having taken a post-graduate musical course at the Julliard Foundation, prior to his affiliation with the band and the leadership of an orchestra of his own.

He spent several days of this week in Austin, visiting old friends of University days, as he served as assistant band master of Texas University several years after his graduation from the institution, before leaving for the great metropolis.

Typical Texas Girl Quest

Sponsored By Palace Theatre

The Palace Theatre is conducting a quest for a typically Texas girl from this city to grace the stage of the Worth Theatre, along with other Typical Texas girls and a host of screen luminaries.

The local girl together with the others will form a court of honor and beauty for Gary Cooper, Walter Brennan, Samuel Goldwyn, Doris Davenport and other luminaries of the screen when they make a personal appearance there. It's going to be a big time for the girl chosen to represent Corsicana. She'll go to parties, meet the celebrities and join in all the official functions of the Hollywood premiere. All her expenses to and from Fort Worth with living expenses for the two days in Fort Worth will be paid.

The girl selected here will go to Fort Worth arrayed in typical cowgirl style. She'll be outfitted with riding skirt, boots, blouse, jacket, gloves and ten gallon hat.

Any local unmarried girl between the age of 18 and 24 is eligible. She must fill out an application blank as printed herewith. This entry together with her photograph or recent snapshot must be sent to the "Typical Texas Girl" Editor of the Palace theatre. The applicant will be notified by phone or postal card when and where to appear for the first interview with the judges. She must agree if selected to appear in the eliminations on the stage of the Palace theatre here. If selected in these eliminations she will go into the finals also held here. In the finals the choice will be made to select the girl to represent this city at Fort Worth.

Impartial judges will be selected by the theatre. Their decisions will be final. They will consider each applicant's charm, beauty and personality in making their decision.

It will be a glorious occasion for the winner. She will be hostess and escort to Cooper, Brennan and other notables at the airport when they arrive from Hollywood. There will be a parade and a luncheon during the day with an official and formal gathering in the afternoon. Then at night she will appear in the court of beauty and honor on the Worth stage where Cooper or Samuel Goldwyn will select one girl as the most typical Texan. The winner of this final must also agree to go to New York with all expenses paid.

"The Westerner" bids to become one of the year's biggest pictures, one that Samuel Goldwyn producer of endless hits, feels is among his best. Gary Cooper is cast in the stellar role along with Walter Brennan who will portray the sage of Pecos law ministrations. It is alive with action and romance and is not without its lighter moments.

TYPICAL TEXAS GIRL QUEST

Sponsored by Palace Theatre

Name ....

Address ....

Age.......................... Telephone Number.........................

Application must be accompanied by recent photograph or snapshot. Mail or bring to Typical Texas Girl Editor, care of the Palace Theatre, not later than midnight, Sept. 4th, 1940.

FUNERAL SERVICES HELD THURSDAY FOR MRS. FLORA CLASS

Funeral services for Mrs. Flora Class, aged 69 years, former Corsicanan, who died Friday at the home of her daughter, Mrs. Enez Reaugh at Chicago, were held Thursday afternoon from the Sutherland-McCammon chapel. The rites were conducted by Dr. P. E. Riley, pastor of the First Methodist church. Interment was in Oakwood cemetery. She was the widow of the late E. N. Class.

Surviving are a son, Neal Class, Sealy, Texas; a daughter, Mrs. Reaugh, Chicago; three sisters, Mrs. J. L. Holderman, Emporia, Kan.; Mrs. A. L. Lowman and Mrs. A. M. Wheeler, both of Wichita Kan.; and three brothers, Lee Bean, Gridley, Kan., and Frank and Clay Bean, both of Altoona, Kan

Mrs. Class was born in Howard, Kan., March 4, 1871. She was a member of the Methodist church.

Pallbearers were Harry Pollock, H. B. Walker, Shem Hatchett, Chester Minyard, Thomas Reid and Roy Canady.

DRAFT PLANS

(Continued From Page One)

provided for in the law would take up the task of classification and selection, assigning to each registrant a serial number chosen by lot.

A national drawing of serial numbers would then be held, and the sequence in which the numbers were drawn would determine the order in which each man was subject to call for possible service.

Thus if Number 283 happened to be the first drawn in the national drawing, it would mean that the man holding that number in each of the conscription districts was liable for service.

From questionnaire information previously obtained, the local boards would be able to determine the classification of those whose numbers had been drawn. The questionnaires would show employment, dependents and other information.

Those found to be in Class 1-A —that is, those whose questionnaires disclosed no apparent reason why they should not be called up—would be notified to report. If the local board found that the man called could not show cause for deferment of training or exemption, he would be given a medical examination and, if he passed that, inducted into army, navy or marine corps.

The number of men from any one area, however, would be limited by the quota that district has given. Quotas would very, and the number of men already in the armed services or national guard fro man area would be deducted from its quota.

The first conscripts would start arriving at army training centers the fortieth day after the bill became effective.

Both army and National Guard units wouldl be used to give the conscripts their training.

The National Guard mobilization law will expire June 30, 1942 but the proposed conscription legislation would be effective until May 1, 1945.

Guardsmen below the rank of Captain who have dependents will be allowed to resign within 20 days after being called. Those under 18 years of age are to be discharged automatically.

Army reserve officers, whose mobilization also is covered by the guard law, would be called to active duty as needed. More than 10,000 of the 110,000 reserve officers are already in service.

Zion's Rest School Will Open Sept. 9

The Zions Rest school will open Sept. 9, it has been announced by John B. Davis, principal. The Zions Rest school is standardized and pupils graduating from the seventh grade can enter the Corsicana junior high school without examinations.

Other members of the faculty for the ensuing year are Miss Lucile Oaks, Miss Edith Mitchell, Miss Lucile Holsey, Miss Maudie Bounds, Miss Blanche Slaughter and Mrs. Bufa Pritchett.

BALKANS

(Continued From Page One)

sibility that arbitration might be necessary.

No Set Program

"No hard and fast program has been laid down," said the spokesman, but the following objectives were summarized:

1. Quiet.
2. Peace.
3. Order.
4. Contentment.
5. Lasting stability.

Such a solution is uppermost in the minds of Germans and Italians because, one spokesman said, "there discussions cannot be separated from the fact that war is being waged" and Germany wants peace at her back so she may drawn upon Balkan raw materials without interference.

The Nazi press stressed that the four-power meeting "will be of importence not onl yfor the future fashioning of the southeast, but also of Europe and the world. Here great English intrigue of the post-war period is being liquidated."

Rumania Makes Charges

But, even as the delegates converged here, Rumania formally accused the Hungarian air force of "real acts of hostility" in air clashes over their border and announced officially she was adopting a policy of "force" to repel any Hungarian incursions.

Hungary countered with charges the Rumanian air force was sending planes on reconnaissance flights over her territory.

Recent incidents on Rumania's border with Soviet Russia also apso appeared to figure in the situation. Although the German wireless minimized this angle, there was apparent an air of urgency in the suddenness with which today's conference was called.

Hungary is demanding restoration of practically everything Rumania took from her as a result of their world war treaty, or approximately five-sixths of Transylvania.

Rumania, on the other hand, is said to desire to begin a settlement by shifting respective national minorities, with cession of a narrow strip of territory to be considered later.

Evacuation Under Way

BUCHAREST, Aug. 29.—(AP)—Fearful of new clashes between Soviet and Rumanian troops following a declaration of King Carol's government that it will yield no more ground to the Russians, hundreds of residents of Southern Bucovina and Moldavia were reported moving hurriedly southward into the old pre-world war kingdom of Rumania today.

German Nationals to Move

BERLIN, Aug. 29.—(AP)—A Soviet-German agreement was signed today for the resettlement of 115,000 German nationals from districts in Bessarabia and Northern Bucovina, newly ceded by Rumania to Russia.

PRORATION

(Continued From Page One)

Aug. 23, the latest figure available, were as follows:

Southwest Texas, June 1, 244,386 barrels daily; Aug. 23, 256,238, and September 1, 270,942; Gulf Coast 227,682, 235,671 and 247,655; East Central Texas 82,673, 83,693 and 83,693; East Texas field 690,000, 522,712 and 523,000; West Central Texas 51,125, 54,873 and 57,544; West Texas 216,447; 233,508 and 252,066; North Texas 111,503, 124,552 and 127,297; and the Panhandle district 64,145, 85,537 and 85,538.

The fields exempted from shutdown days were listed as:

INSTRUCTIONS FOR STUDENTS PLANNING ENTER HI SCHOOLS

REGISTRATION DATES ANNOUNCED FOR BOTH SENIOR AND JUNIOR HIGH SCHOOLS

Instructions to students planning to enroll in the Corsicana senior and junior high schools for the coming school year were made public in a special announcement issued through the offices of Principal O. P. Douglas of the senior high and Principal O. F. Allen of the junior high Thursday morning.

Registrations in the senior high school will begin Friday morning, August 30, and registrations will begin Tuesday morning, September 3, in the junior high. Class will begin Monday morning, September 9, in all schools .

Enrollment Dates

All high school students are to have their programs made before the opening day of school which is Monday, September 9. The schedule of classes for the high school has been arranged and programs will be made in the high school cafeteria. The seniors will enroll Friday, August 30, beginning at 8:30. The juniors will enroll Monday, September 2, beginning at 8:30. The high ninth grade students will enroll Tuesday morning, September 3, beginning at 8:30. All low ninth grade students will meet in the junior high school auditorium at 9 o'clock Tuesday morning, September 3, for assignments. Students will not be enrolled on Saturday, August 31. Students who are anticipating a difficult schedule are advised to have their programs made as early as possible. Certain sections can care for only a limited number of pupils and those coming late will be compelled to elect other subjects for this half year.

Students who did not attend school in Corsicana last year and who are to be classified in the low ninth grade, or above, must be classified by the high school principal before September 9, if they expect admission on the opening day of school. The other duties of the principal on the opening day will likely delay new admissions after that date. Since all programs will have been made before Friday, September 6, the teachers will meet their classes in regular schedule on Monday, September 9.

Planning Your High School Work

Parents should keep in touch with the schools and should advise with their children about the best selection of courses to take in high school. Many pupils fail to get admission to the college or university which they desire because they fail to do a high quality of work in high school, or because they do not choose the courses which will fit them for that particular institution. The requirements for college entrance are not identical in every case. If the pupil will decide by the beginning of the junior year what college or university he or she expects to attend, much valuable advise can be given by the principal of the high school or by the advisory teachers.

Definition of Unit

A unit represents nine months of study in a high school subject, constituting approximately a quarter of a full year's work. A four-year secondary school curriculum should be regarded as representing not more than 16 units of work.

Units For Graduation

In order to graduate from the Corsicana Senior High School, a student must complete sixteen units of high school work as defined above. Four of these units must be in English, two in history (world history and American history), one in science and two in mathematics (one in algebra and one in plane geometery).

Sewing and cooking are not accepted as the required unit in science. If the pupil expects to enter college, he should take two units from the foreign language group or the natural science group. In addition to this, he should choose enough units to give him a total of fifteen accepted units for college entrance.

Junior High Regulations

All low ninth grade students meet at the junior high school auditorium Tuesday morning, September 3, at 9 o'clock. The high eighth grade students meet Tuesday afternoon, September 3, at 1 o'clock. The low eighth grade students meet Wednesday morning, September 4, at 9 o'clock. The high seventh grade students meet Wednesday afternoon, September 4, at 1 o'clock. The low seventh grade students meet Thursday morning, September 5, at 9 o'clock.

All-Day YMCA Picnic Planned For Tuesday

Arrangements are being completed for an all-day picnic of the membership of the YMCA to be held Tuesday, September 3, at the Magnolia Lake, according to an announcement today by Y officials.

The fall and winter program of the association will be announced in connection with the affair, officials said. Program for the day will include recreational games, swimming and luncheon.

News of County Home Demonstration Clubs

ANSWERS TO CORESPONDENTS

B. F. D. and A. D. S. have been kind enough to send me Robert Louis Stevenson's poem "The Swing,' which I mentioned a short time ago in the column. I have memorized it all over again, and give it to you here for your pleasure.

Veronica Dengel

How do you like to go up in a swing,
Up in the air so blue?
Oh, I do think it the pleasantest thing
Ever a child can do!

Up in the air and over the wall,
Till I can see so wide,
Rivers and trees and cattle and all
Over the countryside—

Til I look down on the garden green,
Down on the roof so brown;
Up in the air I go flying again,
Up in the air and down!

Isn't it nice—and doesn't it give you a feeling of being master of all you survey? It seems to even have the movement of swinging in the phrasing of the words. Read it that way, and you can almost feel the swoop as you come down ,and fly up again. Thank you, my friends, you have again brought back my pleasant childhood memories. Although, shall I tell you something! While I was on my vacation and was taking a walk one afternoon, I passed the section reserved for children's play ,and it was deserted because the children were probably napping. Sooo—I followed my temptation, and up in the swing I went. And because this particular spot was high in the mountains, I seemed to be on top of the world. It was wonderful, and I recommend it for all of you.

M. C. wishes to know if daily sunning would tend to encourage the growth of hair on the face. I do not think that such a thing is possible, nor have I ever heard of a complaint about this. It is true that the sun—in small amounts—is most beneficial to the hair, and would help to make it more luxuriant. But this is the way the hair on the head should be, and it is meant to grow there by Nature. However, I do not think normal amounts of sunning will have any effect on the face.

But please, M. O., don't tan so much that your skin gets that dark, leathery look. There is nothing attractive about it, and when it starts to fade, the sallow color is most unbecoming. Keep the skin soft with plenty of cream, and protect the eye so that you will not have fine lines from squinting.

Solution Tuesday's Puzzle.

Fitting GLASSES To School Children

- - - requires several types of skill, we've found. First, the examiner must have modern instruments and be able to find the correct prescription without questioning on test letters.

Second, he should carry a large assortment of children's frames and know how to adjust them so they will be comfortable and becoming.

Third, he should be honest and never prescribe glasses unless quite certain they will benefit.

Fourth, he should know quite a bit about child psychology so he can get their co-operation and quiet their fears.

We ask for your patronage on the basis of these requirements - - - and shall be glad to talk over any problem you may have concerning your child's eyes.

GLASSES MAY BE CHARGED

EIGHTEEN NAVARRO COUNTY SCHOOLS TO HAVE WPA LUNCHES

WILL BE SERVED TO UNDER-PRIVILEGED AND UNDER-NOURISHED PUPILS

Eighteen Navarro county schools on Wednesday afternoon indicated they will participate in the WPA-supervised program for free lunches for underprivileged children during the 1940-1941 school session, J. C. Watson, county school superintendent, announced Thursday morning following the county-wide conference. The set-up and requirements for such a proposition was outlined to the school officials and patrons present.

Miss Quata Richburg, present supervisor of the local sewing room, will be supervisor of the county unit, Supt. Watson revealed.

Children not undernourished will be requiter to pay for lunches, it was stated.

Among those meeting with the patrons and officials of the school included Anson Cone, Waco, district supervisor surplus commodities; Mrs. Gladys Smith, Waco, area director of WPA school lunch programs; and Mesdames Alma Germany and A. R. McCreary, Navarro county case workers.

A number of persons formerly connected with sewing room projects are understood to be slated to be employed in this project.

Allison Home Entered.

A. A. Allison reported to city officers Thursday morning a prowler had entered his residence, 510 North Twenty-fifth street, during the night and took approximately $15 from his trousers.

CARDENAS EXPECTED TO DISCUSS THREE IMPORTANT MATTERS

MEXICO CITY, Aug. 29.—(AP)—In his address at the inauguration of Mexico's new congress next Sunday, President Cardenas will discuss three serious problems confronting the nation.

Responsible sources in his office said these would be:

The still unresolved presidential campaign struggle between General Juan Andreu Almazan, independent leader, and General Manuel Avila Camacho, official candidate; reorganization of the government oil industry, and reorganization of the worker-operated national railways.

How serious Mexico's tense political situation is was indicated by Emilio Madero, head of Almazan's political party, who said he had informed Cardenas "the Mexican people will go into a revolution" if Almazan is not officially proclaimed president-elect of Mexico.

During an interview yesterday, Madero asserted that in a conference he and two other prominent Almazanista leaders held with the chief executive at the national palace recently, Cardenas left "no doubt" he opposed Almazan's claims to election. He said, according to Madero, that his government was prepared to crush any revolutionary movement.

There was no inkling in Cardenas' office today or what he intended to say with regard to the conflicting claims of Almazan and Avila Camacho to the new congress. This congress, overwhelmingly pro-administration, was expected by political observers to declare Avila Camacho elected.

Almazan at Baltimore

BALTIMORE, Aug. 29.—(AP)—Mute on the subject of Mexican politics but pleasantly talkative in his self-assigned role as a "tourist," General Juan Andreu Almazan, who hopes to be Mexico's next president, rested with his family here today and made plans for a U. S. vacation.

The big, barrel-chested soldier, who campaigned against the government-backed General Manuel Camacho in his country's elections last month, emphasized he was merely marking time until results of the balloting have been announced by the Mexican congress.

Boy Fractures Both Arms As Result Fall

Howard Edward Ray, 12-year-old son of Mr. and Mrs. J. D. Ray, 509 North Commerce street, suffered the fracturing of both forearms Wednesday. He is reported to have fallen from a tree.

The youth received treatment at the P. and S. Hospital.

Declare for Britain.

LONDON, Aug. 29.—(AP)—General Charles De Gaulle announced tonight that the French Cameroons and Congo had followed the Chad territory in declaring for support of Britain in the war with Germany.

Nazi Bomber Crews Use Confetti.

LONDON, Aug. 29.—(AP)—German bomber crews now throw confetti at British fighter planes as an escape tactic, British reported.

When a fighter gets on the bomber's tail, the Britons said, the Germans empty confetti into the slipstream of their propellers, hoping to blind the pursuer.

One pilot said the British pay no attention to the new defense and cracked:

"If they want to turn the Blitzkrieg into a paper chase it's O. K. by us."

Dawson Lions Club Plan Sponsor Calf Show September 7

Members of three communities in the southwest portion of Navarro county will stage a calf show at Dawson on Saturday Sept. 7, under the sponsorship of the Dawson Lions Club, according to information received from Assistant County Agent A. P. Bralley.

Boys involved are from the Purdon, Union High, and Dawson 4-H Clubs and 22 calves will be shown; judging will be on a classification basis with equal awards to top animals in the various divisions. Marvin Maberry, herdsman for the R. L. Wheelock Farms, will be the judge and competition is scheduled to start at 10 a. m., Saturday morning.

A special committee from the Dawson Lions Club consisting of Billy Lawrence, Carlos Berry and Floyd Smith will aid Dawson club leaders J. O. Harrison and R. L. Waller in the staging of the show.

Mr. Smith, mayor of Dawson and also cashier of the First National Bank, reported recently that his institution had been using the J. N. Edens plan of financing the purchase and feeding of the animals for the club boys and was well satisfied with the results, and further, his bank was ready to finance any boy in their territory next year who would meet the qualifications.

The calves at this show will also be entered in the competition in the various classes at the Corsicana Livestock and Agricultural Show on Sept. 24-28.

DUNCAN

(Continued From Page One)

to Miss Edna Leodicea Sharp, on Nov. 23, 1869. Following her death he was married to Mrs. Anna Malone Duncan, who died in 1931.

Mr. Duncan came to Texas from Tennessee and settled near Austin in January, 1874, moved to Brandon, Hill county, the following year and came to Navarro county in 1878, residing on a farm near the IOOF Home west of Corsicana until 1881 when he moved to Corsicana. He resided here until 1931 and since that time has made his home with his children.

Prominent Baptist.

Always prominent in Missionary Baptist circles, Mr. Duncan aided in the organization of a number of Sunday Schools and was teacher and superintendent of several church schools. He aided in the organizing of a Sunday School in the Live Oak Missionary Baptist church near Austin and at the White Rock Baptist church near Brandon. Judge Duncan was a member of the White's Chapel Missionary Baptist church for many years and was instrumental in the organization of a Sunday School in that congregation, serving for a time as superintendent. He joined the First Baptist church here when that congregation met in a frame building near the court house, later occupying the church now used by the Cumberland Presbyterian church near the library and YMCA before that congregation moved to the present church site. He was a teacher and Sunday School superintendent of the First Baptist church for a number of years. He also taught in the Union Mission in East Corsicana.

In 1917, he aided in the organization of the Mission Sunday school at the old Buckner home on South Eighteenth street which later became the South Eighteenth Baptist church. This congregation disbanded. Judge Duncan was instrumental in the organization of another mission Sunday school, the forerunner of the present Calvary Baptist church where he was superintendent of the Sunday School.

Served As Justice of Peace.

After moving to Corsicana, Mr. Duncan operated cotton yards for a number of years, and was a cotton buyer in Texas and Oklahoma. He served as justice of the peace, Precinct 1, Place 2, beginning in 1925, resigning because of ill health.

Surviving are three daughters, Mrs. W. H. Hord, Hubbard; Mrs. J. D. Carroll, Corsicana, and Mrs. H. R. McCandless, Dallas; a son, Clifton M. Duncan, Wichita Falls; seven grandchildren and six great-grandchildren.

Pallbearers will be Cecil Foster, R. R. Owen, H. R. Stewart, W. A. Hammett, Thad Jones, Hubbard, and Mr. Milner, Hubbard.

Honorary pallbearers will be Dr. H. P. Sammons, Hubbard; deacons of the First Baptist church, Corsicana and friends of the family.

Sutherland - McCammon Funeral Home is in charge of arrangements.

Card of Thanks

We take this means of expressing our sincere thanks and appreciation to all those who contributed to the fund for the purpose of repainting our church building. Also to the men who were faithful in giving their services for painting.—The Jester Baptist W. M. U.

UNAMERICAN

(Continued From Page One)

$108,000 over an 18-month period shortly after Hitler came to power and in return distributed nazi propaganda "including anti-semitic and church and state propaganda."

Seated nearby, Byoir, who has said Patman's charges were in retaliation for Byoir's aid in defeating the Patman chain store tax bill, shook his head in negation of the testimony.

Members of the committee challenged as unfair Patman's contention that because Byoir was employed by the German government, he was at least partially responsible for all its activities in this country.

Representative Casey (D-Mass) remarked that that was as unjust as it would be to say that because Patman had had some connection with the firm of McKesson and Robbins that he was responsible for what that firm's officials had done.

At the time of the scandal involving Donald Coster-Musica, president of McKesson and Robbins, it was brought out in the house that Patman had received money from the company in connection with speeches he had made.

Patman angrily protested that the comparison was not analagous and told Casey that if Casey thought he had done "anything wrong" in his connection with the McKesson and Robbins company, he should "put it in writing and have the manhood to sign it."

Patman also clushed repeatedly with Representative Mason (R-Ill) when the latter kept objecting that the Texan was presenting "nothing but a rehash," of testimony previously presented to the McCormack committee which investigated un-American activities for the house in 1935.

Carl Byoir Says Been Threatened

WASHINGTON, Aug. 29.—(AP)—Carl Byoir, New York publicity man, told the Dies committee today that daily threats of "death or worse" had been made to him as a result of Representative Patman (D-Texas) accusing him of being a Nazi spy and propagandist—accusations Byoir denied in toto.

Byoir testified after Patman presented what he said was evidence that Byoir had been retained by Adolf Hitler to desseminate Nazi propaganda and, as a result, was unfit to hold his rank of lieutenant-colonel in the U. S. Army reserve.

Byoir said he could not believe Patman's statement that the congressman had no personal feeling against him and asserted there was "a long history of personal conflict" against them.

Brien McMahon, Byoir's counsel, told the committee the reason Patman accused Byoir was that the latter had been the most effective opponent to a piece of "pet legislation" from which Patman had been receiving "a very healthy remuneration."

Chairman Dies (D-Tex) rebuked McMahon for his remarks.

INTERNATIONAL

(Continued From Page One)

broken glass. Craters 10 feet wide and five feet deep yawned in street pavement, blasted out by 100 pound bombs.

Nazi airmen displayed a new "silence" technique in raids practically spread-eagling the British Isles, cutting their motors to avoid attracting searchlight beams and gliding down to the attack.

Shelter Hit Directly.

In one London section, four members of a family who had taken refuge in an underground shelter wer killed when a bomb scored a direct hit and blew it out of the ground.

The semi-official British press association, taking note of the wholesale use of fire bombs, called the raid "the most venomous attack of the war against Britain" and accused Hitler of sending his "fire raiders to scatter their incendiaries indsicriminately" against "towns, villages and open heaths."

Censorship kept secret the number of British casualties, and the official statement was only that there were "some deaths."

The Italian high command, meanwhile, reported that Fascist planes bombed the Suez Canal—Britain's vital life-line to her far east colonies in time of peace—for the first time in the war.

Italian bombs dropped on the far north end of the canal, between Port Said and Ismalia, the high command said.

An aviator-reporter for DNB, official German news agency, said a surprise attack on an airdrome near Portsmouth, on the English Southwest coast, turned the RAF base into "a desert full of craters."

Notable Success.

Other nazi raiders reported predawn attacks "with notable success" against the big military and naval depot at Chatham, 30 miles southeast of London; Liverpool, Thameshaven and Middlesbrough. Huge fires were reported.

While bombers flew on their missions of destruction the axis prowess in a conference at Vienprowess in a conference at IVenna, seeking to compose differences between Hungary and Rumania over Transylvania. They were trying to keep the Balkans at peace to insure a supply of food and petroleum for Germany and Italy.

Russia was a factor though not among those present at the four-power conference. Rumania announced withdrawal of army units supply depots and state institutions further from the Russian frontier, scene of bloody conflict earlier in the week.

After days of debate, the United States senate completed action on the republic's first peacetime conscription bill, sending it to the house last night by a vote of 58 to 31.

Navarro County Demo Executive Committee Meets

The Navarro County Democratic executive committee will meet at the court house Saturday morning at 10 o'clock for the purpose of canvassing and declaring the results of the run-off democratic primary election Saturday, Aug. 24. The meeting has been called by N. S. Crawford of Kerens, chairman.

PLANES

(Continued From Page One)

agreement, Knox said, will be negotiated as soon as funds for the engines are provided in the $5,008,000,000 defense apropriation bill pending in congress.

Meanwhile, Knox said, United will proceed immediately with a $2500,000 expansion of its plant at Hartford, Conn.

Rear Admiral John H. Towers chief of the navy's bureau of aeronautics, added that the navy would purchase and retain title to $7,000,000 worth of machine tools to equip the expanded plant.

The agreement for production of Prtt and Whitney engines by United—constituting the largest engine order yet made under the defense program—was the second major military plane purchasing development announced within 24 hours. The army disclosed yesterday that it had signed contracts for 850 training planes and 20 transport ships to cost $14,410,000.

No specific deliver dates were announced on today's orders.

BRITISH

(Continued From Page One)

ham and other ports attacked.)

Meanwhile, Britain's own bomber force was at work during the night in enemy territory.

(Berlin had its longest and worst air raid of the war as British bombers sprinkled explosive and incendiary bombs but two miles from the chancellory, starting many roof fies and craters).

The admiralty announced its dive bombers destroyed the only two remaining oil tanks at a depot on the Norwegian coast previously attacked, set fire to a patrol vessel and scored two direct hits on a 2,000-ton supply ship.

Despite the great number of attacking planes, only one of them was reported shot down during the night's operations. This bomber was caught in a searchlight beam over a southeast area and held there until a British fighter climbed to attack.

London Raids

In the London area, where the raiders seemed to mean business—this was no mere "nuisance raid" —bombs were dropped both by single planes and by small waves of planes.

Fires were started in several London suburbs as well as in towns of southeast, southwest and nuortheast England, and in the midlands and Wales. All were reported controlled before large damage resulted.

In one London district, more than 60 incendiary bombs fell but civil defense workers smothered them before they could do any damage. High explosive bombs dropped at the same time damaged houses along two streets.

The London and Northeastern Railway suspended train service from London on one line and carried passengers by buses.

In another London section, three bombs were dropped simultaneously, one landing on top of a shelter and blowing it out of the ground, killing four members of one family who had taken refuge there.

A fire started by an incendiary bomb almost destroyed a branch of the F. W. Woolworth stores in the Main Road.

Workers' Home Destroyed

Less than a quarter of a mile away, high explosive bombs demolished a number of workers' houses. In another road 100 yards away, several buildings were badly damaged. Police erected barricades, stopped all traffic and ordered residents to move.

The night shift in a factory in another section of London had taken to shelter when an incendiary bomb hit is building. A fire brigade got the blaze under control.

Some bombs dropped in the London area were of the delayed action type. One of these, which fell on open ground, exploded after daylight this morning. Sixty persons already had been removed from nearby houses.

One bomb fell on open ground in a popular London residential district. There was no damage.

The raiders dropped paracute flares and followed with incendiary bombs.

The fires made deep glows visible for miles. The skies high above were pierced by hundreds of anti-aircraft searchlight beams as the capital's defenders employed the biggest battery yet used to ferret out the bombers.

The goverment accused the raiders of dropping bombs "at random" in the attack on London, while the wide use of incendiaries on London and throughout the country caused the British Press Association to describe the raid as Germany's "most venomous attack of the war against Britain."

The mistries of air and home security in a joint communique said that in London "some damage was done to houses, shops and other buildings, including a church," and "some casualties were caused, including a small number of fatal injuries."

In a southwestern town, the water supply was crippled; homes and industrial property were damaged in a midland town and "some" persons were killed; industrial property, houses and "other buildings" were damaged "in a number of towns in the northeast and northwest," and casualties, although "not numerous," included "some deaths."

In addition to these points specifically mentioned, the government said that "elsewhere many incendiary bombs and some high explosive bombs were dropped," causing a small number of casualties with "some" fatal.

The government announced the British had shot down 28 of yesterday's German daylight raiders while losing 12 planes themselves.

One midland town was attacked last night by raiders who cut out their motors to avoid drawing searchlight beams, gliding down to their attack.

Two persons were killed and several injured when a raider dived over a town in the midlands and dropped five bombs.

A poor house was damaged. Its inmates were moved elsewhere.

An elderly woman was killed and two other women were injured severely when a high explosive bomb struck farm buildings near an isolated midland village.

In one midlands city two streets of houses were wrecked by bombs early today. A small town was struck by 30 bombs and the police chief there said, "it's a miracle we escaped a heavy death toll. The town rocked with explosions."

German planes dropped many bombs over a wide area on Britain's west coast today, causing numerous fires.

A number of casualties, including two dead, were reported from a northeast city where about 30 bombs fell in an almost straight line across the town. Two delayed action bombs exploded later, causing further casualties.

Frances Middleton Received Her B. S. Degree From TSCW

Miss Frances Reed Middleton, daughter of Mr. and Mrs. G. C. Middleton of Streetman, returned home Sunday from T. S. C. W., Denton, where she received her bachelor of science degree Saturday, Aug. 24. Miss Middleton was vice-president of Les Debutantes her sophomore year, has twice served on the student government council as well as serving as first vice-president of the B. S. U. Council on the T. S. C. W. campus.

Miss Middleton entered T. S. C. W. in February, 1936, and has taught the past three years in Navarro county. She will begin her second years work in the Roane public school system this September.—Contributed.

ADDITIONAL FIVE BILLION DOLLARS NEEDED FOR DEFENSE

TWO-OCEAN NAVY AND PROPOSED CONSCRIPT ARMY TO COST MORE MONEY

WASHINGTON, Aug. 29.—(AP)—Senators were told today that congress would have to vote more than $5,000,000,000 additional to defense funds already requested in order to provide a "two-ocean" navy and a proposed conscript army.

Outlining purposes of a pending $5,023,169,277 defense billy, Senator McKellar (D-Tenn) had said it would start construction of the "two-ocean navy and at the same time prepare our army along the lines already authorized by congress."

"Are funds included for the draft?" asked Senator Vandenberg (R-Mich).

"Oh, no," Senator McKeller replied. He explained the draft would require about $1,200,000,000 later on, but that no exact estimate would come from President Roosevelt until congress had finished work on draft legislation.

Senator Taft (R-Ohio), noting that only "about $200,000,000 was included in the pending bill for new ships, asked how much more would be needed to complete the "two-ocean' navy.

"Best estimates are about $4,000,000,000," McKellar replied.

Senator Byrnes (D-SC) said congress would provide funds for the expanded navy as it was constructed "over a period of seven years."

RAMSEY REVIEWED CERTAIN BOOKS FOR CIVITANS THURSDAY

HAPPY M'CLEARY AND 'BUGAGH' FURNISH ENTERTAINMENT FEATURE PROGRAM

In a review of several outstanding books dealing with the economic and political structure of the world by eminent writers, Pat H. Raamsy, general secretary of the YMCA, told the Corsicana Civitan club Thursday noon at the Navarro Hotel that it was generally conceded by each of these famous writers that the people of the Christian democracies of the world must either choose to fight or be subjected to the rule of totalitarian nations.

Also featured on the program was A. L. McCleary's trained bull dog "Buggah". McCleary put the dog through many unusually hard tricks, some of which originated as far back as 1898. He compared these old tricks to modern ones which call for more mental concentration on the part of the dog than ever before. McCleary presented for the first time a new box trick, a feat whereby the dog gains entry into a box by systematically relaesing several wooden locks. Buggah accomplished the feat easily, gaining entrance in only 40 seconds.

In the principal address Ramsey, reviewed briefly Oscar Underwood's book "Drifting Sands of Party Politics" in which Underwood advocates a return to a Jeffersonian democracy. He pointed out that the best government is the government that governs least, insisting that the bureaucritic element in our democracy be done away with entirely.

The speaker referred to Bruce Mlevin's outstanding book on youth welfare entitled "Youth—Millions Too Many." Melvin states in the book that over 5,000,000 young people are unemployed, citing that as a result over 75 per cent of the crime in the United States is committed by young people between the ages 14 and 25.

Concluding, Ramsey talked at length on William Allen White's book "Defense of America," showing that democracy was definitely waging a fight for survival.

Sadie Ransom had charge of the program and President N. Suttle Roberts presided. M. H. Statham and Jaack Thompson were appointed as program committee for next week. Guests today included R. W. McCann, Pete Ballew, bot hof Dallas, Bill Smith, Texarkana, Ark., and Dr. B. M. Jackson.

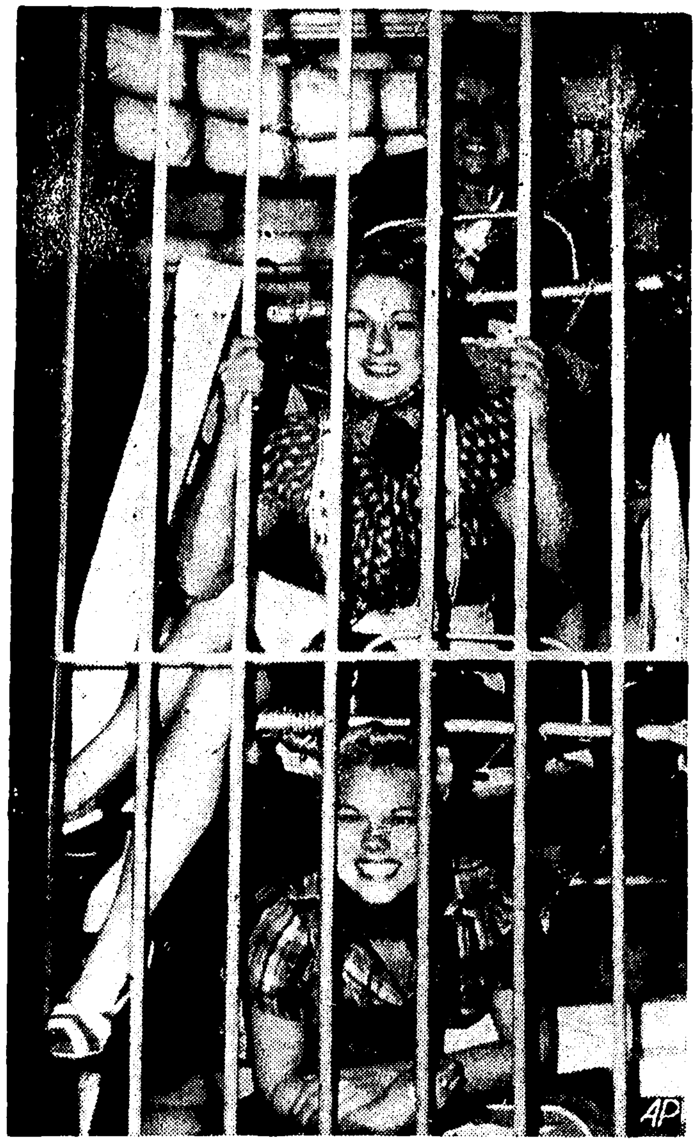
SKATERS END TOUR FOR HOMELAND



The army transport American Legion brought home these members of an *American roller skating team* who cut short their European tour to reach safe U. S. waters. Shown in the brig of ship, top to bottom, Dorothy Olson, Cambridge, Mass.; Joan Reid, Detroit; Celeste Ichling, *Memphis, Tenn.*

DOMESTIC COTTON MILL CONSUMPTION EXPECTED BE LARGE

WASHINGTON, Aug. 29.—(AP)—The agriculture department said today domestic cotton mill consumption was expected to continue exceptionally large during the next few months.

Even with record consumption however, the department added, restricted exports may reduce domestic disappearance of cotton to a level much below average.

Exports of raw cotton, the department said, are likely to be the smallest since the Civil War if Great Britain is able to maintain its blockade of continental Europe.

Present prospects for domestic consumption and exports indicate an increase in the domestic carry over at the end of the current season, but the department said it should remain materially below the record carryover of August 1, 1939.

Seriously Injured In Auto Accident

Pat H. Ramsey, general secretary of the YMCA, was informed by telephone early Monday morning that his sister, Mrs. Doo Leatherwood of Bonham, Texas, had been seriously injured in an automobile accident near Savoy, Texas.

Her daughter, Mary Merle, was in the car at the time of the mishap but escaped with only severe bruises. It was reported that Mrs. Leatherwood was still unconscious.

Germany Not Favorable.

BERLIN, Aug. 29.—(AP)—Authorized sources said tonight that "Germany is likely to look with the greatest disfavor upon the project of sending American ships into the war zone to fetch children.

The source added, however, that since the United States government has not approached the German government, no official reaction could be given.

"Mines don't say where they are," this source said, explaining the reason for German aversion to the project.

To the Voters Of
Precinct No. 3

I thank each and every one of you for your vote and cooperation given me the 24th, which made me your democratic nominee for the office of Commissioner of Precinct No. 3. Since I hold no ill will for any one who did not support me, I ask the cooperation of every one, to the end that I may serve you to the very best of my ability. Again thanking you.
C. O. (CHARLIE) SLAUGHTER

Five Corporations Eight Individuals Under Indictment

NEW YORK, Aug. 29.—(AP)—A federal grand jury investigating alleged anti-trust law violations in various war industries today indicted five corporations and eight individuals on charges of conspiring to control the production and sale of bentonite.

The substances is a natural clay used in heavy materials vital to national defense, such as castings of artillery guns carriages, airplane motor blocks, and and tank and tractor treads.

The indictment, the third returned by the jury in as many days, alleged that the defendants controlled more than 90 per cent of the total bentonite production in this country.

U. S. Newspapermen At Batavia; Japanese Are Seeking Trade

BATAVIA, Netherlands East Indies, Aug. 29.—(AP)—Eleven American newspapermen, stopping here on a trans-Pacific clipper plane cruise found Batavia today a busy center of American and Japanese interest in the East Indies mineral riches—particularly oil.

They saw Japanese businessmen including Tadaharu Mukai, chairman of the great Mitsui interests, mingling with American oil executives. The newspapermen arrived yesterday on the California clipper's first passenger flight from San Francisco. They are leaving today for Singapore and from there will go to Manila.

Mukai said in an interview he was here to increase Japan's trade and, although he is interested in oil, this was not the main purpose of his visit.

Port Arthur Youth Found Dead.

PORT ARTHUR, Aug. 29.—(AP)—A bullet wound in the head, the body of Jimmy Barnes, 22, son of a prominent Port Arthur grocer, was found here today by the youth's mother.

The body was in an automobile parked in a city park.

To the Voters Of
Precinct 1

I wish to thank each and everyone who voted for and assisted me in the recent run-off primary election for commissioner of precinct No. 1.

Since I hold no ill will against anyone who did not support me, I sincerely ask the cooperation of every one for my successor in office to the end that he may serve you to the best of his ability.

Again thanking you for past favors.

T. P. (PINK) HAYES

WALLACE TO MAKE DEBUT TONIGHT AS CHIEF CAMPAIGNER

DES MOINES, Ia., Aug. 29.—(AP)—Henry A. Wallace will make his debut as the No. 1 democratic national election campaigner here tonight when he formally accepts the party's vice presiwential nomination.

Wallace was designated weeks ago to carry the brunt of the speech-making after President Roosevelt said the international situation would keep him close to Washington.

Party officials said they were preparing for a crowd of 10,000 for the notification The 30-minute acceptance speech is scheduled to begin at 8:30 p. m.

The nominee returned to his home city by train last night to be greeted by a crowd which sang "God Bless America" and "Iowa, That's Where the Tall Corn Grows."

In the Wallace party were Rep. Marvin Jones (D-Tex), chairman of the house agricultural committee, who will officially notify the nominee of his selection as the vice presidental candidate, and Edward J. Flynn of New York, national chairman.

James Roosevelt Willing.

NEW YORK, Aug. 29.—(AP)—James Roosevelt, eldest son of the President, said today he would "do anything" in the campaign that Democratic Chairman Edward J. Flynn wanted him to do, but that at the moment he had no plans to take an active part.

Roosevelt was interviewed before he left by airplane for Chicago en route to Los Angeles.

Luxembourg Ruler in London.

LONDON, Aug. 29.—(AP)—Grand Duchess Charlotte of Luxembourg, which is now in German occupation, arrived today from Lisbon, Portugal, in a British overseas flying boat to attempt to reorganize her government here.

Seven members of the Luxembourg royal family are in the United States.

New Type Tobacco Has Less Nicotine

LEXINGTON, Ky., Aug. 29.—(AP)—A type of tobacco that looks, smells and tastes like burley but is almost free from nicotine has been developed by the Kentucky agricultural experiment station here.

The new type, according to the chemistry department of the University of Kentucky, contains on the average only about .02 of 1 per cent nicotine.

Ordinary burley the department reported, contains about 2 per cent while dark tobacco such as that grown in western Kentucky averages from 3 to 4 per cent and runs as high as 7 per cent.

The development was accomplished by plant breeding and the crossing of types of tobacco.

Thanks

I wish to thank the citizens of Precinct 4 for their support in the run-off election and for many favors during my terms as your commissioner. I have at all times served you to the best of my ability and ask your support to my successor, so he can make you a good officer.

J. N. (Joe) GEORGE.
